ROOSEVELTMEETS KING OF ITALY

Greets Ex-President on Battleship at Messina.

VISITED THE WRECKED CITY

Kermit and Ambassador Griscom Accompanied Mr. Roosevelt to Meet the King, and Photographs of the Group Were Taken—Was Moved to Emotion by Reception at Messina.

Messina, April 7.—Theodore Roosevelt and King Victor Emmanuel met on the Italian battleship Re Umberto in Messina harbor. The meeting was characterized by the utmost cordiality, and the king took occasion to express the gratitude of himself and the Italian people for the generous assistance of the American people to the earthquake sufferers. At the close of the interview Mr. Roosevelt went ashore and inspected the ruins of the city, the desolation of which moved him strongly. He then boarded the steamer Admiral, which hoisted her anchors and proceeded on her way to Mombasa.

The Admiral arrived at Messina in the afternoon and was saluted by the Re Umberto, with the king on board. Almost immediately Captain Pfister,

KERMIT ROOSEVELT.

aide to Admiral Mirabello, was taken to the Admiral in a launch, and inquired for Mr. Roosevelt. To him he said the king sent his compliments, and would have great pleasure in receiving the former president of the United States. Mr. Roosevelt's face lit up with a pleased smile, and, accompanied by his son Kermit and Ambassador Griscom, he proceeded at once to the battleship.

King Greets Mr. Roosevelt.

The king met the party at the head of the gangway and he greeted the ex-president effusively, shaking him warmly by the hand. He did not wish, he said, to allow the opportunity to pass of making the personal acquaintance of so distinguished a man. Above all, he wanted personally to thank the ex-president for the help extended by America at the time of the earthquake. "You are now able," he added, "to understand better what a terrible disaster is was."

Mr. Roosevelt replied, thanking the sovereign for the compliment paid him in inviting him to come aboard the Re Umberto. He said that the American people did not wish thanks for what they had done, as they had merely tried to do their duty, and knew no better way to confront the immense need than by their work and contributions.

The conversation then turned to the hunting trip to Africa, the king saying that his tastes also ran in that direction. He mentioned the expedition of the Count of Turin in Africa, and, similarly with the Duke of Aosta, expressed the hope that Mr. Roosevelt would meet the count there.

After more than half an hour's conversation the king accompanied his guests ashore, where a photograph was made of a group, consisting of his majesty, the ex-president, Kermit and the American ambassador. At the suggestion of the king, Mr. Roosevelt snapped a picture of his majesty, Admiral Mirabello, Kermit and Ambassador Griscom, amid much laughter.

Before leaving the king saluted Mr. Roosevelt, wishing him a happy and successful trip and much good luck in the way of hunting. He asked Mr. Roosevelt to promise that he would visit Rome on his return, when the queen would be pleased to make his acquaintance.

Inspected Messina Ruins.

The inspection of the ruins then began. In the American quarter Mr. Roosevelt congratulated the American workers on the speed with which they had constructed the huts. He shook hands with the men from the American navy who are directing the work, leaving them highly delighted at the chance which brought them before the ex-president.

The ex-president's departure from the city to go aboard his steamer was marked with scenes that moved him to emotion. Although it was raining heavily at the time, the people had gathered in crowds. The women kissed their hands to him, the children threw flowers in his path and the men cheered wildly. It was a spontaneous greeting to one who had been their friend.

REV. STEIN TO LEAVE BELLEFONTE.

Will be Succeeded as Pastor of the Methodist Church by Dr. Wilcox.

The many friends in Bellefonte of Rev. James B. Stein, and they are a legion, will be sorry to learn that he is to leaveBellefonte and go to Tyrone to become pastor of the Methodist Episcopal church at that place. Everybody had supposed he would stay here another year as the Bishop at conference assigned him to Bellefonte. It seems that they had some trouble in locating a man at Tyrone and at a meeting of the Presiding elders held at Huntingdon Saturday it was decided to send Rev. Stein to Tyrone.

When Rev. Stein made the announcement in church Sunday it caused general regret among his parishioners, Rev. Stein has been here three years and his pastorate has been very successful. He has endeared himself not only to the members of his own church but to everyone in whom he came in contact. During his stay in Bellefonte, the church debt, including a mortgage for $6,000 has been wiped out, and he leaves the church in a flourishing condition. He preached his farewell sermon on Wednesday evening and left for Tyrone on Thursday.

His successor in Bellefonte will be Dr. Wilcox, of Williamsport, for six years Presiding Elder of the Williamsport district, and an able and eloquent preacher. Bellefonte Methodists are therefore fortunate in the fact that they will get a good man to succeed Rev. Stein.

Splendid Vein of Coal Discovered Near Ringdale.

A five and a half foot vein of coal has been discovered at Ringdale, at the foot of Ringer hill, midway between Laporte and Dushore, and the people are wildly excited. Some time ago search for coal was started on the top of Ringer hill but the work was abandoned when a rock formation was struck. Recently a number of farmers in that section formed a company, with a capital of $1,000 and digging was again started, this time at the foot of the hill. The same streak o rock was encountered but was drilled through and the coal was discovered underneath. The vein is five and a half feet thick and gives evidence of being of considerable length. In addition magnetic iron was also discovered. The find was made on the Ringler estate's property, and David Utz, of Dushore, who is executor of the estates, intends building a hotel on the land.

And opening in an outcropping has also been made near Somes camp, on Rock run. It shows seven feet of coal and coal dirt.—Ex.

Denounces Local Option Bill.

The resolution introduced last Friday in the Central Pennsylvania Methodist Episcopal Conference at Harrisburg taking a strong stand for local option, and condeming the 137 members of the house of representatives who vote against passing the Fair bill a few weeks ago, was adopted after a spirited fight.

The Rev. Dr. Silas C. Swallow took the floor against the stand outlined. In the course of his remarks Dr. Swallow declared the Fair local option bill was "a joke, a farce, a fake, an abortion that no honest, sincere opponent of the liquor traffic could vote for and retain his self respect." He explained this view by saying that the bill was to "regulate" the traffic instead of prohibiting the sale of liquor.

He said the 137 members of the house who voted against the bill should not be condemned because they were pledged to the liquor cause, and that the church was in very "small business" when it endeavored as it did, to have these men violate their pledges and vote for local option.

TARIFF VOTE IN HOUSE ON FRIDAY

Rules Committee Brings in Order Limiting Debate.

ALLOW FEW AMENDMENTS

Separate Votes to Be Taken on Hides, Lumber, Oil, Barley, Tea and Coffee Schedules—Twenty Republicans and Four Democrats Broke Away From Their Party.

Washington, April 6.—Three o'clock p. m., April 9, was the time set by the house for a final vote on the Payne tariff bill. The long expected resolution from the committee on rules closing general debate, providing for certain committee amendments and a full and free opportunity to alter the lumber and hides schedules, was reported and adopted, with sixteen votes to spare, notwithstanding the desertion of twenty Republicans. Four of the sixteen votes came from the Louisiana delegation, who likewise broke away from their party. Previous to the adoption of the resolution there was some severe criticism of it from the Democratic side. Aside from the interest which attached to this proceeding was the speech of Mr. Clark, of Florida, who denounced Bryan and Bryanism, Populists and Populism, and who declared that he would support the Payne bill if it contained what his constituents wanted—a duty on Sea Island cotton and protection for citrus fruits, pineapples, etc. His remarks led him into an exciting colloquy with Mr. Randell, of Texas, and other Democrats, but he declared that, having been instructed by the legislature of his state and his constituents as to the stand he should take on the articles mentioned, he would not violate his solemn obligation to them. His whole attitude was one of defiance to the Democrats of the house.

Separate votes are to be allowed on hides, lumber, oil (countervailing duty removed and 75 per cent ad valorem substituted), barley, barley malt, tea and coffee.

Before the rule was reported there were numerous speeches on the bill, those occupying the floor being Messrs. Bartlett (Georgia), Calderhead (Kansas), Burgess (Texas), Stanley (Kentucky), Hobson (Alabama), Gillespie (Texas), Thistlewood (Illinois), Saunders (Virginia), Reeder (Kansas), Madden (Illinois).

An interested spectator throughout almost the entire session was Mrs. Taft, who was accompanied by her two sons and Captain Archibald Butt, U. S. A., one of the president's aides.

AIRSHIP TEST FAILS

Unfavorable Weather Interfered With Zeppelin's Endurance Trip.

Friedrichshaven, April 6—The twenty-four hour endurance trip of Count Zeppelin's airship, which started from here, ended in failure, owing to unfavorable weather. The airship ascended at 9.18 a. m., and the voyage was abandoned at 7.25 in the evening. During this time the airship descended twice to the surface of the lake to take in water for ballast.

CONVENTION DATE FIXED

Pennsylvania Republicans Will Meet In Harrisburg June 16.

Washington, April 6.—State Chairman Andrews, of Pennsylvania, who is now in this city, issued a call for the Republican state convention to be held in Harrisburg on June 16. Candidates for auditor general, state treasurer and one judge of the supreme court are to be nominated.

Another Kentucky County Dry.

Ashland, Ky., April 6.—Boyd county voted dry by a majority of 107. In Ashland, which is the center of the iron industry and the commercial capital of the Big Sandy valley, church bells were rung hourly and women stood at the polls and worked, while children paraded the streets singing and bands played. Now 96 of the 119 counties in the state are wholly dry under the county unit law.

Marched Out of Burning School.

Pittsburg, April 6.—Between 600 and 700 pupils were safely marched out of the McKees Rocks public school in a suburb when the building was found to be on fire. When discovered the entire roof was in a blaze, but the fire drill was successfully employed and not one of the children was injured in any way. The building was practically destroyed.

Workman Had Thrilling Plunge.

Clinging to the end of a 52-foot rope with 85 feet of space beneath him, James Sharkey, a young structural steel worker on the Carrier viaduct near Summerville, on the Lake Shore extension, was finally forced to let loose and take the fearful drop to the ground, says Tuesday's Du Bois Express in recounting the particulars of a most thrilling accident. Despite his awful experience, Sharkey, though bruised and torn, has a chance for life.

Sharkey, who is 26 years old and known as one of the most daring climbers in the employ of the American Bridge company, was formerly a sailor in the United States navy. On account of his nimbleness and nerve he has always been assigned the most dangerous work. In this he gloried.

Instead of spending 15 or 20 minutes walking to one end of the bridge to reach solid ground at quitting time, it has been the young man's practice to swing onto a rope used in guiding material as it is hoisted to the top of the structure and slide sailor-fashion to the ground. Yesterday just as the whistle proclaimed the noon hour Sharkey scrambled over a girder and grasping a rope began sliding down toward the ground, 137 feet below. His companions were horrified when they saw him descending a strand only 52 feet long, which had been flapping idly in the wind beside the long rope which reached to the solid earth. A smart wind was blowing and it was impossible to make him understand his error until his legs slid over the end of the twisted hemp. Then he realized his mistake and made desperate efforts to climb back. This was impossible however because his hands had already slid down to within a few inches of the end and he was unable to get enough purchase to draw up his body for more than a few feet before his strength waned.

A wild effort was made to reach Sharkey by passing him another rope from the top of the bridge but no one was able to get to the spot in time and after holding on desperately for two or three minutes, swinging to and fro like a pendulum by the wind, the young iron worker's hands finally unclasped and he shot down into the ravine below, a sheer fall of more than 85 feet.

When gathered up it was thought Sharkey was dead but he soon showed signs of life. Doctors were summoned and temporary relief given and so fast did the young man rally that while lying in the Pennsy depot at Summerville waiting for a train he was able to laugh and chat with his companions and had them twice make cigarettes which he smoked.

At the Grube hospital, Punxsutawney where he was taken, it was found that Sharkey had suffered the following injuries so far as the doctors were able to make an examination: Both arms broken in two places, five ribs broken, face badly bruised, ligaments of the knees ruptured, legs injured but not broken.

He will survive unless there are internal injuries.

Death of John W. Swartz.

On Tuesday afternoon at 12:55 o'clock John W. Swartz, of Milesburg, died at the Altoona hospital of tuberculosis of the spine. The deceased had been in failing health the past seven years, but was not seriously ill until just the past few weeks. On March 2nd he was admitted to the Altoona hospital for treatment. He was a native of Milesburg, and, until taking ill, had followed the occupation of a farmer. He was aged 27 years, 6 months, and 2 days. He was an exemplary young man and has a large circle of friends who will regret to hear of his death.

The deceased is survived by his father and the following brothers and sisters Clinton E., and Mrs. Homer Noll, of Tyrone; Luke, Agnes and Bertha Stetler, a half brother and sister, also survive. The body was brought to the Swartz home at Milesburg, where services were held Wednesday. Interment in the Milesburg cemetery.

Andrew J. McBride Dead.

Andrew J. McBride, a native of Milesburg, this county, who for many years was the trusted foreman for Collins Brothers, the great railroad contractors died recently at his home in White Haven, Pa., aged about 72 years. He was well and favorably known to many our readers. Besides his wife, and a son and daughter, he leaves two sisters, Mrs. Deverux, of Philipsburg, N. J., and Mrs. Patrick Lorrigan, of Osceola Mills and one brother, John McBride, of Clearfield. He was with the Collins Bros. back in the 70's in the building of the railroad connecting Bolivs with the Amazon river in South America.

MILLIONAIRE A SUICIDE

Philadelphia Traction Magnate Shoots Himself.

HAD BEEN ILL A LONG TIME

Charles E. Ellis Was Found Lying In a Pool of Blood In His Bedroom. Family Say He Never Threatened to Commit Suicide and Believe Shooting Was an Accident.

Philadelphia, April 7.—Charles E. Ellis, president of the Citizens Passenger Railway company, a subsidiary company of the Philadelphia Rapid Transit company, and one of the wealthiest men in Philadelphia, shot and killed himself with a revolver heavily mounted with gold. He was discovered lying in a pool of blood in his bedroom by his wife, who had heard the report of the revolver while she was at breakfast. A physician who was hastily summoned pronounced him dead.

The dead man was seventy-four years old and had been a sufferer from neuralgia for some time. He was also troubled with tubercular glands beneath his arms. The latter affliction caused him considerable worry and he underwent an operation about two years ago in an effort to effect a cure. The operation was unsuccessful. In spite of the poor health from which he suffered his family state that he never threatened to commit suicide, and they believe that the shooting was accidental.

He had been in the habit of keeping the revolver under his pillow, as he had a great fear of burglars.

In addition to being one of the largest stockholders in the Citizens Passenger Railway company, a line which is guaranteed dividends of $14 a share on stock on which only $20 has been paid in, Mr. Ellis was a heavy holder in other valuable street railway securities. He was a director in several of the subsidiary lines of the Philadelphia Rapid Transit company.

Mr. Ellis was born in this city and was a son of Amos Ellis, who was a wealthy lumber dealer here, and died leaving a fortune of $3,000,000, to be divided among three sons. Another son, Frank H. Ellis, lives in this city.

BABY STRANGLED

Found Hanging From Chair When Mother Comes Home.

Newark, N. J., April 7.—Mildred L. Fischer, the seven-months-old daughter of William Fischer, a letter carrier, was strangled to death at her home. Her mother had placed her in a high chair while she went to the butcher's. Fischer, who is laid up with a bad cold, was lying down in an adjoining room.

While the mother was away the baby slipped down in the chair and a piece of tape around her neck and attached to a rubber "comforter" caught on the edge of the tray on the front of the chair. When the mother returned the baby was hanging dead from the tape with her feet a short distance from the floor. The baby ha made no outcry, and the father kne nothing of what had happened.

MURDERED AND CREMATED

Three Sheep Herders Killed and Burned By Masked Men.

Basin, Wyo., April 7.—Joseph Emge, Allemande Emge and Joe Lazier, sheep herders, were murdered and cremated by fifteen masked men, who attacked a sheep camp on the night of April 2. The news of the shooting was brought here by sheep herders who escaped.

Taft Receives High School Pupils.

Washington, April 7. — President Taft held a reception in the east room of the White House for the benefit of about 1200 high school pupils who are visiting this city from various New England towns.

"Popocaterpillar VII"

The performance to be given in Bellefonte the latter part of the month by the State College "Thespians" will be a great improvement over anything ever given by that organization. It is a musical comedy and is full of action from a start to finish. The play is laid in the ancient Aztec country in Mexico; the leading character is Popocaterpiller VII, the King of the country; and the two heroes are young Americans who are searching for an old idol that contains lost treasure. A German scientist is also looking for idols and has with him his daughter, Gretchen. The king has a beautiful daughter also, which fact complicates matters considerably. The other principal characters are the queen, who rules in the royal family, the prime minister and the lord high chamberlain, who wants to marry the princess. The lines of all the parts are brimming full of jokes and in the whole play there is not one slow moment.

There are eighteen musical numbers on program, nine of which have solo parts. The best musical talent in college will be brought into play here. The singing and dancing of the chorus is one of the leading features of the play. Charles L. Downing, of Philadelphia, is taking special pains with the dancing, and he says that college men can do better at that than professionals. Half of the chorus will be costumed as girls. The costumes, to be in keeping with Aztec royalty, are of the most gorgeous kind. For the chorus there are three changes, and the members of the cast will appear in two different costumes during the play.

World's Largest Apartment House.

New York, April 6.—On the upper west side of Manhattan Island is arising what is to be, when completed, the largest apartment house in the world. It is called the Belnord and it covers the block between Broadway, eighty-sixth street, Amsterdam Avenue and eighty-seventh street. Altogether, one hundred and seventy-six separate and distinct homes will be included under the one roof. These will contain from seven to eleven rooms each, besides servants' rooms.

The centre of the block will be devoted to an open court containing 22,000 square feet 231 feet long and 94 feet broad. Into this space there will be driveways and paths from the streets, and at each corner of the court an entrance to the building itself. From eighty-seventh street a gradient driveway will lead down to a sub-surface court, underneath the main one, and here all merchandise and supplies for the tenants must be delivered.

This building is to be a model of fireproof construction. Hundred of thousands of square feet of hollow terra cotta tile, which will also be used for all floors and partitions, was subjected to a heat of 2200 degrees Fahrenheit in the process of manufacture, so that it is proof against the hottest blaze. Thus, if a fire should break out, it could not spread beyond the room where it started.

The apartment house will have its own plants for refrigeration and electric lighting. It may have a roof garden. Hiss and Weeks are the architects.

Central Passengers were given a bad Scare.

New York Central passenger train No. , arrived in Williamsport Saturday morning with several broken windows and other evidences of rough usage enroute. While passing a point about two miles north of Larrys Creek the passenger train encountered a northbound freight train. As the trains were passing on the double track an open door on one of the freight cars struck the side of the baggage car of the passenger train.

The traine were on a curve and were swaying considerably. The open door missed the car and struck the next coach which was filled with passengers. The projecting door struck the sides and windows of alternate passenger cars until the train passed. Flying splinters slightly scratched some of the occupants of the baggage car, but otherwise none of the passengers and crew were injured. The passengers were badly frighten.

Pleasant Gap High School Exercises.

The exercises attending the Third Annual Commencement of the Pleasant Gap High School were ushered in by the Baccalaureate sermon in the Lutheran church, which was delivered, by the Rev. Ambrose M. Schmidt, of Bellefonte, the commencement exercises will be held Friday evening of this week when five graduates will deliver orations and receive their diplomas. Senator W. C. Heinle will also deliver an address.

Saturday evening in Noll's Hall the school will render a play entitled "Jedediah Judkin, J. P."

CONVICTS FREED OF SLAVERY

Weep Tears of Joy on Being Released From Mines.

GEORGIA CHANGES SYSTEM

For Years Criminals Had Been Sold Into Mines and Factories and Terrible Cruelty Was Practiced by Many Hiring Them — Sang Hymns of Thanksgiving When Led From the Stockades.

Atlanta, Ga., April 2.—The last rag of Georgia's convict lease system was shaken off on Thursday. Throughout the state hundreds of human beings were led from the depths of mines, from the choking kilns, from the whirring, dark atmosphere of factories—out into God's sunlight, from the control of harsh and often brutal task masters, into the service of the state.

Georgia has no state penitentiary. For years her convicts have been sold into the mines, into the brick kilns, into the factories, where private greed sometimes demanded and collected its last ounce of human flesh and its final drop of human blood. But the state decided to abolish this traffic in white as well as black slaves, so instead of selling its 1600 prisoners, it will work them on the public roads.

Sent Back to Counties.

The change went into effect at daylight, when the convicts were returned to the counties in which their crimes had been committed. Most of the unfortunates are blacks of a low order of intelligence, sentenced for every conceivable crime.

At the Durham mines, in northern Georgia, where evidence taken by the investigating committee of the legislature showed great cruelty had been practiced, the 300 convicts marched out singing, "Praise God From Whom All Blessings Flow."

Similar scenes occurred in southern Georgia when the convicts left the turpentine camps. The Chattahoochee Brick company, near Atlanta, turned out 300 convicts, and these celebrated by falling on their knees and thanking God.

Though shackled and ironed, the convicts greeted the change with shouts of joy and weird hymns of thanksgiving. Negro preachers were at most of the stockades and led the blacks in their impromptu praise service. Special trains were waiting and the prisoners were transferred as rapidly as possible to their new quarters.

Strangely enough, some of the convicts cried at leaving scenes which had been part of the daily life of some of them for many years.

The new system, it is believed, will not only improve the health of the convicts but will assure Georgia the finest turnpikes in the south.

GIRLS' APRIL FOOL JOKE

300 Students Quit and Make Merry In Atlanta.

Atlanta, Ga., April 2.—The 300 girls who attend Agnes Scott college, in a suburb, deserted yesterday and spent the time in Atlanta patronizing the ice cream places and the moving picture shows. When members of the faculty entered the classrooms they saw this sign:

"April 1; is this your birthday?"

The girls left the dormitories before sunrise. Some of the faculty didn't like the joke, and there was talk of disciplining the students.

Wearing their mortar boards, the girls caused a stir on Atlanta's streets. As early as 1 o'clock teachers were trying to round them up, but the last one was not corraled until night.

GIRL'S MIND A BLANK

Picked Up Wandering In Streets by Wilmington Policeman.

Wilmington, Del., April 2.—Policeman Harry Taylor found a young woman wandering aimlessly about the city and took her to the police station, where she said her name was Elsie Stokes, eighteen years of age. She was unable to tell where she came from or whether she had any relatives. She will be detained a short time, while an investigation is being made. Except to remember her name, her mind appears to be a blank.

Pet Dog Saves Family From Fire.

Detroit, Mich., April 2.—A pet dog saved the lives of five members of the family of Glenn Mott in Wyandotte, a suburb. Mrs. Mott was awakened by the dog tugging at the bedclothes and found the house in flames. The occupants had just time to escape through a window.

Hold-Up No Robbery, Says Court.

San Antonio, Tex., April 2.—Justice Fiske, in a local court, ruled that a hold-up with a shotgun is not a robbery unless the footpad gets money from his victoms. Two men arrested for holding up a man on the street were released.

DR. ELIOT MAY NOT ACCEPT

Has Practically Declined Ambassadorship to Great Britain.

Washington, April 2.—Dr. Charles W. Eliot, president of Harvard university, receiving from President Taft an offer of the ambassadorship to Great Britain, is said to have expressed both his appreciation of the honor and the belief that he would be unable to accept the post.

President Taft, it is said, asked Dr. Eliot further to consider the subject before making a formal declination, and this was agreed upon. Dr. Eliot, however, told the president that, being seventy-five years of age, he hesitated to accept foreign service at this time, though he felt capable of many years more of energetic work.

PICKPOCKET'S RICH HAUL

Farmer Robbed of $900 Cash and $2300 In Checks.

Lancaster, Pa., April 2.—Christian Lichty, a Paradise township farmer, was relieved of his wallet, which he carried in an inside vest pocket, by a pickpocket. It contained $900 in cash and about $2300 in checks. The robbery occurred in front of a hotel in this city, and was unnoticed by the farmer or those talking to him.

MEXICO WANTS DIAZ TO REMAIN IN OFFICE

Asks Him Not to Think of Giving Up Presidency.

Mexico City, April 2. — Delegates came from all parts of the republic of Mexico to express today to President Porfirio Diaz their loyalty to his administration and to request him not to give up the presidential office at the close of his present term.

Today's demonstration was the greatest and most brilliant affair of the kind ever held in Mexico. In the

PRESIDENT DIAZ.

grand parade appeared thousands of men representing the various states of the republic, all dressed in the distinctive garb of their parts of the country. An interesting and striking feature of the parade was the division of aged veterans of the war with France for independence.

The parade ended at the national palace, where it was reviewed by President Diaz. The aged ruler received a delegation of well known men and expressed to them his pleasure at the demonstration. He declared that while health and strength remained to him they would be placed at the service of the republic.

Eagle Fights Farmers Two Hours.

St. Charles, Ill., April 2.—Fighting desperately for two hours with an eagle that tried to carry off his baby, Peter Johnson, a farmer, with the aid of neighbors, finally captured the bird. Fully a score of persons participated in the conflict, and pitchforks, clubs and stones were brought into service before the bird became exhausted. Johnson was badly scratched in the encounter.

AIRSHIP RAN WILD 11 HOURS

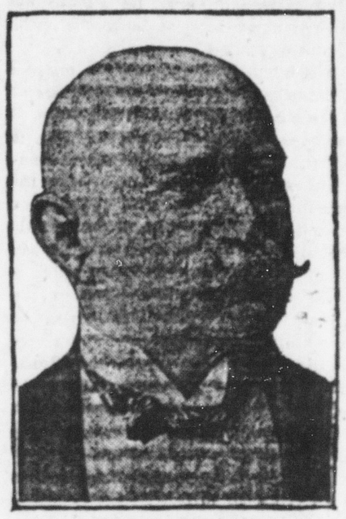
Zeppelin's Craft Was at Mercy of Wind Storm.

TROOPS AND AUTOS CHASE IT

Violent Winds Prevented Landing at Munich and Count Was Carried Sixty-five Miles Beyond City, Where Safe Landing Was Made.

Munich, April 2.—The Zeppelin airship made an attempt to fly from Friedrichshafen to this city and back. It encountered a storm and was driven far out of its original course, and after eleven hours in the air landed safely at Dingolfing, sixty-five miles northeast of Munich.

Part of the journey was made under circumstances of great peril. One of the motors refused to work, and it was



COUNT ZEPPELIN.

impossible for the airship to make headway against the wind, which increased steadily in violence. Helpless and drifting rapidly to leeward, the airship travelled for four hours, while Count Zeppelin and his men awaited an opportunity to make a safe and successful landing. They were followed over the country by soldiers in swift automobiles and by three squadrons of heavy cavalry. The troops were sent out to be ready to render assistance when a descent was attempted. The airship outdistanced them and they were not in at the finish.

The count left Friedrichshafen with the intention of trying to sail from there to Munich and back. It was his intention to land here in the presence of the Bavarian prince regent and the entire garrison of Munich.

When the airship was sighted approaching Munich the church bells of the city rang out in peals of welcome and cannon fired a salute. As the ship drew nearer the whirr of the motors could be heard on the streets of the city. The vessel made its way to a point over the exposition grounds and descended to within 300 feet.

Thousands of people had assembled on the grounds and the manoeuver was greeted with an outburst of cheering. The prince regent of Bavaria was present and saluted Count Zeppelin, who stood on the bridge. A band played the national anthem.

The airship then moved off in the direction of the palace, where it was greeted from the tower by the princesses of the royal family.

The count tried to overcome the resistance of the wind by rising to a greater altitude, but this maneuver apparently was not successful, for the balloon was driven rapidly from the sight of the people of Munich in a northeasterly direction, toward the Bohemian mountains.

The airship was not damaged in the hurricane and no one was injured.

Foreign Miners Take Tools Home.

Mahanoy City, Pa., April 2.—Many foreign speaking miners at the collieries of the Philadelphia & Reading Coal and Iron company have taken their drills and boring machines home to remain out pending the settlement of the matters at issue between the operators and the workmen. They are being urged to return to work by the union officials.

Two and a Half Cent Rate In Effect.

Roanoke, Va., April 2.—With the exception of the Norfolk & Western railroad, all the railroads in the state affected by the two cent rate put into effect the new two and a half cent rate. The Norfolk & Western found it impossible to arrange alll matters for the change to go into effect on April 1.

New York, April 3.—Sailing today on the Caledonian for Scotland was Jerome D. Travers, amateur golf champion of the United States, who is going abroad to test his skill against the best British players of the "royal game" on the historic links of Scotland and England.

JEROME D. TRAVERS.

Travers is entered in the British amateur championships, which will begin at Muirfield on May 24, and will practice on the British links before the championship games begin. He is modest in his hopes of success abroad.

ROOSEVELT BURIED BY HUGE WAVE

Gets Ducking, But Leaps on Steamer From Small Boat.

Gibraltar, April 3.—On the arrival of the steamship Hamburg here it was learned that Theodore Roosevelt got a thorough ducking and was pretty close to a most serious accident when the steamship put in at Punta Delgada, Island of St. Michael, at the Azores, on Tuesday morning.

When the Hamburg anchored off Punta Delgada the seas were high, but Mr. Roosevelt expressed a desire to go ashore, when United States Consul Greevy and Vice Consul Nichols came alongside in a small boat. Only three other passengers on the Hamburg dared make the trip.

When the open boat bearing Mr. Roosevelt and the other passengers started back to the Hamburg the seas had become more angry, and the wind had increased to a gale. As the small boat was drawn up to the gangplank it was hurled against the side of the ship and at the same time a ten-foot wave rolled over the boat.

Mr. Roosevelt was buried to his waist in water, but he waited his chance and made a leap. The first officer waited to receive him, and grasped his hand, and he came on deck laughing at the danger.

When asked directly concerning the rumor that an attack had been made upon him during the voyage, Mr. Roosevelt said that the only basis for it was that an "idiotic, excitable Italian" used angry expressions to him while he was on the bridge of the vessel talking to the captain. He said the man made no attempt upon him whatever and that he was promptly removed and confined below the remainder of the voyage.

MURDERED HIS FATHER

Son Stabbed Parent at Table and Then Calmly Resumed Eating.

Niles, O., April 3.—Richard Law, twenty-four years old, murdered his father, Samuel Law, sixty-five years old, while the family was seated at the supper table in his home here. The boy stabbed his father through the heart with a butcher knife. Law, Sr., fell forward with his head on the table and died in his chair.

Apparently unconcerned about his deed, the son calmly seated himself in a chair less than two feet from the body of his parent and resumed eating. His mother summoned the police. Law, Jr., seemed surprised when he was placed under arrest and asked the police what reason they had for locking him up.

Mrs. Law says she believes her son's mind is affected.

Shot In Back by Discharged Workman

New York, April 3.—John Daly, of Elizabeth, N. J., was shot and probably fatally wounded by Frank Cariola, a Sicilian. Daly is foreman for contractors who are building up the Bronx sewer and had discharged the man for an infraction of the rules. This was the cause of the shooting. Daly was standing with his back to Cariola when shot.

Scarlet Fever on Battleship.

Washington, April 3.—An epidemic of scarlet fever has broken out among the crew of the battleship Missouri, now at the Charlestown navy yard, Boston, according to information received at the navy department.

CHILDREN BURNED BY EXPLOSION

Pupils Crowded Near Oil Well to See It Shot.

FLOW OF GAS FOLLOWED

Terrific Explosion Occurred and a Sheet of Flame Enveloped the Men In the Derrick as Well as the Children—Eight In Serious Condition.

Bradford, Pa., April 3.—An explosion of natural gas burned twenty persons, eight of whom are in a serious condition.

An oil well that had been completed was shot with 120 quarts of solidified nitroglycerine. The well was located in proximity to a number of dwellings and in the same block in which the high school and the schools of the Third ward are situated. When the shot was exploded in the well there were 200 pupils of the schools nearby to watch the effects.

Following the flow of oil and a shower of rocks, which were hurled from the well, a strong flow of gas came to the surface. Not apprehending any danger, about twenty of the children ran to the well to pick up pieces of rock that had come to the surface with the flow. While the children were close to the derrick a terrific explosion occurred and a sheet of flame enveloped the men who were in the derrick as well as the children.

The men were hurled out of the derrick, while many of the spectators were thrown to the ground by the force of the explosion. Six of the children were dangerously burned. A dozen others were painfully scorched, but their injuries are not thought to be of a serious nature.

Joseph Wagner, a driller, and A. J. Hayes, the glycerine shooter, were also seriously burned.

TAFT'S HORSE HURT

Was With a Number of Others In Railway Smash.

Washington, April 3. — Six riding horses coming to Washington from Hot Springs, Va., meant for President Taft and other distinguished persons here, were all injured in a wreck at Orange, Va. The horse Bleistein, which the president intended using for riding, was one of the animals thus injured. The car containing the horses was on a side track. It broke loose and ran down the grade into another freight car.

KING EDWARD'S HEALTH GOOD

No Truth In German Report That He Had Stroke of Apoplexy.

Biarritz, France, April 3.—There is no truth in the report published in Germany that King Edward has suffered a stroke of apoplexy. His majesty, who is in excellent health, left here to witness the Basque fetes at Sara in his honor.

England Lifts Quarantine.

London, April 3.—The board of agriculture revoked the order issued Nov. 20, declaring a quarantine against cattle shipped from New York and New Jersey. The ban prohibiting the importation also of hay and straw remains unchanged, as do the prohibitions against the importation of cattle and hay and straw from other states.

Black Hand Agent Arrested.

Chicago, April 3.—Vincenzo Geraci, who is said by the police to be the leader of the Chicago Black Hand society, was arrested here in the office of Dr. Peter Cutrera, from whom the Italian had demanded $3000 on pain of death. Cutrera, it is said, has given evidence concerning his associates in the plot.

New Jersey Mariners Missing.

Millville, N. J., April 3.—Much anxiety is felt for the welfare of Captain John Douglass, of Clermont, and the crew of the three-masted schooner John Rose, which cleared Moss Point, Ala., with lumber for New York, forty-six days ago and has not since been heard from.

Mother and Child Burned.

Washington, April 3.—As a result of playing with matches, Stephen Keefe, the three-year-old son of Joseph Keefe, a war department watchman, was burned to death at his home, Mrs. Mamie Keefe, his mother, was terribly burned in a heroic effort to save his life. She will recover.

Mistake May Cost Beauty.

York, Pa., April 3.—Rubbing a solution of carbolic acid over her face in mistake for a toilet preparation, Miss Mildred Pratt, a pretty sixteen-year-old girl of this city, was severely burned. The burns are painful, and it is feared they will impair the girl's beauty.

Well Known Newspaper Man Dead.

Harrisburg, Pa., April 3.—George M. Wanbaugh, one of the best known newspaper men in Pennsylvania, died at his residence in this city after an extended illness.

The Weather.

Forecast for this section: Unsettled weather, with occasional showers today and probably tomorrow; variable winds.

DEATH OF TREVILLE SMITH

Liberty Township Resident Expires From General Debility and Cancer.

Treville Smith, a resident of Liberty township, died Monday of last week at Danville where he had been an inmate of the asylum for the past six months. His death was due to general debility and cancer. It is believed that the worry over the latter affliction caused the mental derangement. He had always been of a very quiet, retiring disposition, a man of irreproachable character and holding the respect of the community. His affliction and death are particularly sad because of the circumstances. He is survived by his mother, one brother, Joseph, and three sisters, Mrs. Irvin Kones, of Emporia, Virginia; Mrs. Ephraim Gardner, of Blanchard, and Miss Emma at home. The deceased was aged 51 years. The body arrived here Wednesday and interment was made Thursday morning April 1st in Disciple cemetery after services in the Disciple church at 10.30 o'clock, conducted by the pastor, Rev. W. Patterson. The casket bearers were J. B. Miller, Albert Bitner, Christ Robb, Jacob Bowes, Clarence Robb, and John Bathurst.

The Academy's Base Ball Schedule

The base ball season will open in Bellefonte tomorrow (Saturday) afternoon when the Academy nine will play the Penn State Independents. The game will be played on the new Athletic field and will be called at 2:45 sharp. The price of admission will be twenty-five cents.

Manager W. D. Crooks, by the way, has arranged a good schedule for the season as follows:

April 3.—Penn State Ind, at Bellefonte.
April 10.—Open.

April 19, 20 and 21 open dates for which games are desired.
April 22.—Princeton Freshmen at Princeton.
April 23.—Penn Freshmen at Philadelphia.
April 24.—Lock Haven Normal at Lock Haven.
April 30.—Juniata College at Bellefonte
May 1.—Bucknell Academy at Lewisburg.
May 8.—Lock Haven Normal at Bellefonte.
May 15.—Indiana Normal at Bellefonte.
May 22.—Juniata College at Huntingdon.
May 24.—Indiana Normal at Indiana.
May 29.—Bloomsburg Normal at Bloomsburg.
June 4.—Bloomsburg Normal at Bellefonte.
June 5.—Open.

A Contemptible Trick.

The athletic management in Bellefonte for many years have been greatly annoyed by the stealing of baseballs by the boys who watch the games from railroad cars, tie piles, etc. On Saturday Fred Hendershot picked up a ball knocked over the fence and under the very eyes of Mr. Hughes put it in his pocket and walked home with it, not only making himself guilty of theft but also inconveniencing the management of the games. This has always been a most contemptible piece of business and it is to be hoped that the arrest of young Hendershot which was affected on Saturday night will prove a desirable lesson not only to himself but to all other boys who may be tempted to do such things. In the future a policeman will be on hand to see that the fence, cars and tie piles are not crowded with spectatore. It costs money to bring teams to Bellefonte and those who desire to see the games should scrape up a quarter and pay their admission.

Colds contracted at this season of the year are quickly relieved with Bees Laxative Cough Syrup. Its laxative quality rids the system of the cold. Pleasant to take. Best for children for coughs colds, croup and whooping cough. Sold by C. M. Parrish.

The Centre Brick Works Rushed With Business.

The Centre Brick and Clay company who have a modern plant located at Orvis, Centre county, for the manufacture of fire brick for building purposes, is crowded with orders and the plant is being operated to its full capacity to meet the demands for its product.

It is contemplated to erect two more kilns to meet the demands of the trade for the superior brick manufactured by this company, of which Judge Orvis of Bellefonte, is the president and Ellis Harvey, of this city, is treasurer and general manager.

The brick made by this company are not only handsome in appearance, but are fire proof and will not crumble or break, which gives them an increased value in the construction of buildings.

CARELESS BOYS CAUSE BIG FIRE

Cigarette Thrown Into Barn Results in $2,000,000 Loss.

ONE DEAD; 1000 HOMELESS

Flames at Fort Worth, Texas, Destroy 300 Dwellings, Three Churches and Several Warehouses and Business Places — Twenty Locomotives and Many Box Cars Also Burned.

Fort Worth, Tex., April 5.—To boys and a carelessly thrown cigarette stub is generally credited the fire which destroyed property in South Fort Worth valued at $2,000,000, caused the death of J. J. Newton, a bank employe; the serious injury of six persons, rendered over 1000 homeless and caused the temporary idleness of several hundred workmen employed in the manufacturing plants and business houses burned.

The burned area is under the guard of state troops to prevent looting, and the entire fire department is still engaged in extinguishing the burning embers, which, with the wind still high, spasmodically spring into flames.

The fire originated in a barn near May and Tucker streets. Driven by a gale, the flames spread through buildings made dry by a protracted drought and within a few moments the conflagration was beyond control. Spectacular in the extreme, the flames leaped from building to building, across broad avenues and at times for a block at a time. The rapidity of the fire's progress rendered impossible the removal of household effects. Even trinkets and jewelry had to be abandoned.

After eating its way through a residence quarter, reducing to ashes 300 pretentious dwellings, the Broadway Presbyterian church, the Baptist church, the Swedish chapel and the Walker sanitarium, the flames, spreading to the south, attacked the manufacturing plant of the Sawyer Electrical company. This building was quickly destroyed, as were five large warehouses and several smaller business houses.

The yards of the Texas & Pacific railroad were next in the path. The roundhouse, the repair shops, the coal chutes and many box cars were destroyed, and twenty locomotives were reduced to twisted masses of steel. Next to the railroad yards is an open space, and this checked the flames to the southward.

To the east the stone and steel depot proved a barrier for the wholesale quarter, and after burning for four hours, the fire was controlled.

FOURTEEN BLOCKS BURNED

Sixty-four Residences and Sanitarium Destroyed by Fire.

Dallas, Tex., April 5. — Sixty-four residences and a private sanitarium in Oak Cliff, a suburb of Dallas, were destroyed by fire, causing a loss estimated at $250,000. The fire, fanned by a strong southwest wind, swept through fourteen residence blocks. In the burned area, which covers more than a quarter of a mile square of territory, only five buildings remain intact. All the patients at the sanitarium were removed in safety.

HISTORIC BUILDING BURNED

Girl Lost Life In Fire Which Destroyed "Yellow House" Near Winchester, Va.

Winchester, Va., April 5.—Miss Virginia Carter, the young daughter of Reese B. Carter, was burned to death in a fire which destroyed her home, "Yellow House," at Rest, this county, one of the most historic structures in the state. Both Mr. and Mrs. Carter were badly burned in a futile effort to save their daughter. They are expected to recover.

"Yellow House" was more than 200 years old, and was the scene of many notable events during Revolutionary and Civil War times. General George Washington stopped there while on his way to Braddock's relief at Fort Duquesne, and during the conflict between the states it was the home of Miss Rachel Wright, whose information to General Sheridan was of such value to the federal army during his Valley campaign that congress voted her a gold medal in appreciation of her services.

Two Unknown Men Killed by Train.

Philadelphia, April 5.—Two unidentified men were struck and killed by a Pennsylvania railroad train here on the tracks of the New York division. The name James C. Wills, and the inscription "Born in Richmond, Va., Dec. 7, 1876," was tattooed on the right arm of one body.

Killed In Pistol Duel With Police.

Fitzgerald, Ga., April 5. — Robert Gresham was killed in a pistol duel with Chief of Police Brubaker and Patrolman Johnson. The man was being hunted by officers and fired upon them from a hiding place in a dark alley.

Grain Elevator Burned.

Newark, N. J., April 5.—Fire partly ruined the large grain elevator and storage house of the Wilkinson-Caddis company, wholesale grocers here. The loss is estimated to be $125,000.

WALES MAY CHALLENGE

Prince Likely to Contest For the America's Cup.

London, April 5.—"Reynolds' Newspaper" says it is reported that private inquiries were recently made in New York as to whether a challenge for

PRINCE OF WALES,
King Edward's Heir Bears Striking Resemblance to Czar of Russia.

the America's cup would be well received if the Prince of Wales presents it.

It is understood that the suggestion was warmly welcomed, for which reason it is quite on the cards that a definite statement will be made before the end of the year.

BABY DIES AS PRIEST CHRISTENS IT

Father Rushed Through Street Carrying Body to Doctor.

Philadelphia, April 5. — Neighbors and passersby at Buttonwood and Ninth streets were startled by the spectacle of a weeping man running at top speed with a baby clasped tight in his arms.

Fast as the father ran with his four-months-old baby, he was too late to save its life. He had been standing at the baptismal font of St. Michael's Roman Catholic church, when death suddenly came to the little one in his arms, and with fear gripping at his heart, he ran to the residence of Dr. Horace C. Lewars. The baby was dead before he reached the doctor's residence.

At the house of Rev. John Raba the father, Siegmund Jenkofsky, had left a party of friends who had come with him to witness the christening of his infant daughter.

Father Raba had been in the act of sprinkling the water over the child's head when he noticed that the little one gasped and then lay still. The little face slowly purpled and the breath ceased to come and the baby lay limp in its father's arms.

Father Raba saw what was needed. Hastily extending his hands over the little form while it was yet quick, he said: "I christen thee Rachinka." Then to the father he said: "Go quickly to a doctor," and named Dr. Lewars. The father waited for no second bidding and dashed out of the door and through the streets.

JUMPED INTO NIAGARA

Score of Persons Saw Unknown Man Swept Over Falls.

Niagara Falls, N. Y., April 5.—An unknown man about thirty-eight years old committed suicide by jumping into the river from Luna island in sight of a score of persons, who saw him swept over the falls. He stood on the railing of the bridge for a second or two peering into the water and then dived in head-foremost. He was described as an unusually handsome man, weighing about 180 pounds, with black hair and moustache. The authorities hope to establish his identity by means of a child's ring found in one of the pockets of his overcoat, which he left lying on the bridge.

MEXICAN GENERAL TO BE SHOT

Is Prominent Socially and a Noted Indian Fighter.

Mexico City, April 5.—General Gustave A. Maas, who has a record in the Mexican army as an Indian fighter, has been sentenced to death for killing former Lieutenant David Clivaraz, whose sister, it was charged, he had wronged. The trial and sentence of General Maas created a sensation, as the prosecution brought out that he had once before kidnapped a girl at Tacubayc.

MR. ROOSEVELT IN NAPLES

Freedom of City Extended to Ex-President and Party.

KAISER SENDS GREETINGS

Ladies In Receiving Party Literally Strewed His Path With Roses—Will Visit Points of Interest In City Before Sailing For Africa — Many Americans Would Like to Meet Mr. Roosevelt.

Naples, April 5.—Ex-President Theodore Roosevelt and party arrived here today on the steamer Hamburg. Shipping in the harbor was decorated with flags and bunting, and on the first appearance of the Hamburg hundreds of sirens screamed a noisy welcome. Police boats kept all sightseeing vessels from approaching the Hamburg.

To make the most of the few hours of his stay here Mr. Roosevelt and party left the steamer as soon as she docked and was taken to the Hotel Londres in the automobiles of the Duke of Ascoli, gentleman in waiting to Queen Helena.

The former president was greeted on board the Hamburg by the representatives of the city council, who extended to him an official greeting, and a party of ladies who literally strewed his path with roses. The German consul general extended the personal greetings of the emperor, and Ambassador Griscom represented the hundreds of Americans who had gathered at Naples and who would like to meet the former president personally, but who probably will not have an opportunity.

Before embarking for Agrica Mr. Roosevelt will have lunch with the Duke and Duchess of Aosta and will visit the museum and aquarium.

The steamship Admiral, which is to carry the party to Mombasa, is lying in the harbor decorated with flags, and the special quarters set aside for Mr Roosevelt and his party are already showing evidences of the welcome which awaits him. Numerous gifts of flowers for the distinguished American have already been sent to the ship, and the remembrance of the German emperor, in the shape of great masses of carnations, typical of the German colors, was placed in Mr. Roosevelt's cabin.

CRACK RUNNERS BEATEN

St. Yves, of France, Won International Marathon Derby.

New York, April 5.—Henri St. Yves, of France, won the great international Marathon Derby for professional runners at the National League baseball park here. Dorando Pietri, of Italy, was second; John J. Hayes, of New York, third, and Matthew Maloney, of Yonkers, N. Y., fourth. Tom Longboat, the Canadian Indian, quit the track in the twentieth mile, and Alfred Shrubb of England, gave up in the twenty-fifth mile. Both were completely exhausted in trying to keep the terrific pace set by the Frenchman. Shrubb made a game struggle from the twentieth to the twenty-fifth mile, but the pace was too fast and the distance too far for him.

St. Yves took $5000 of the prize money, Dorando $2500, Hayes $1500 and Maloney $1000. Shrubb and Long boat go unrewarded for their brave efforts.

ELECTRIC BATH FATAL

Indianapolis Man Victim of His Own Invention.

Indianapolis, April 5.—Conrad Speika, a young electrician, died suddenly in an electric bath of his own devising. He had arranged that the water in the bathtub could be charged with electricity. He was found unconscious in the tub and soon died.

The coroner investigated. It seems that Speika turned into the bathtub a heavier current than he was accustomed to and the shock killed him.

Shot Woman and Himself.

Hagerstown, Md., April 5.—Edward Franklin Linder, fifty-seven years old, shot and probably fatally wounded Mrs. Claggett Munson, a widow, and then shot himself in the right temple, dying instantly. While domestic trouble is believed to have been the primary cause of the shooting, the case is surrounded by much mystery.

Reformer Caught Stealing Milk.

Stamford, Conn., April 5.—Charged with stealing milk, Thomas A. Brennan, a member of the common council, elected on a reform ticket, was arrested here. Brennan and four others, it is alleged, were caught taking bottles of milk from in front of a local store.

$2500 Stallion Burned.

Pittsburg, April 5.—An Arabian stallian valued at $2500, Fred Atherton, a race horse, and other stock perished in a fire which destroyed the stables at the country home of R. C. Hall, president of the Pittsburg Chamber of Commerce.

The Weather.

CREED OF THE OPTIMISTS.

The Optimist Club, of New York has been launched with a dinner where much good feeling of the proper sort prevailed. It is a movement designed to spread the world over, a sort of "Ten Times one ar Ten" club as originally invented by good old Dr. Edward Everett Hale. Here is a syllabus of the Optimists' Creed:

I will endeavor to be kind at all times, both to mankind and animals.

I will be courteous and considerate to the aged, realizing that the burden of their years makes the lighest burden seem heavy.

I will be gentle to women and little children, with due regard for their weaknesses and frailities. To the sick and afflicted I will be merciful and kind.

I will keep my trouble and heartaches to myself, so that other hearts will not be burdened by the weight of my misfortunes.

I will endeavor at all times to be cheerful and smile, so that my smile may be incentive for others to smile I will endeavor to be unselfish, not striving for more than what is mine in all fairness, and realizing that other people have rights and deserve consideration.

I will earnestly try to avoid saying unkind things to people and about them, realizing that slander is a blow from behind, and the act of a coward, and I know that kind words have eternal life. In short, *I* will try to make this sad old world less sad, because I will never pass this way again. Every influence ignoble or unkind goes out from me like the vapor from the bottle and can never be recalled.

This is my resolve, and may the Power that rules the world keep me steadfast.

This may look a little millennial, but it is practical. When this club includes all members of humanity the Millennium will already have arrived of the clubs's own initiative. Who can say a word against such a high resolve as set forth in this creed? It is not necessary to make formal application for membership. Everyone can constitute himself or herself a member in good standing by subscribing to the above and there are no dues—exeept to yourself. Try it a while.

THE BUSINESS SITUATION.

The reduction in the price of iron and steel products has at last had the effect of stimulating business, and from all reports there have been larger orders booked during the past two weeks than in the previous two months. Immediately after the declaration of the "open market" in February, manufacturers pursued the policy of quoting prices only to those consumers who would furnish specifications and dates for immediate delivery. The twofold subject of this policy was to discourage the inclination to "shop around," and also to avoid leading up productive capacity with long-time contracts at low prices. Within the past two weeks, however, it is reported that producers and consumers have got together on orders that will run for the ensuing six to nine months. The booking of these orders at comparatively low prices has been followed by a reduction in labor costs, and from the present outlook there will be a steady increase in tonnage. The extent of the improvement is illustrated by the fact that a portion of the Tennessee Coal and Iron Company plant, which it was expected would be forced to close down on the 1st inst., will continue in operation until the 10th inst., and possibly longer.

That the total volume of business even in this industrial district is increasing is proved by a number of official reports which came to hand this week. Pittsburgh bank clearings for March, for instance, showed a very fair increase over the corresponding month last year, the first comparative monthly gain since the panic. The gross earnings of the Pennsylvania railroad for February were nearly $500,000 larger than for the same month last year, although February, 1908, had one more business day than February, this year. The reports of southern and western roads also continue to make favorable comparisons and in a few instances the totals are larger than for the like period of 1907, showing complete recovery from the effects of the panic of that year.

In the money market the chief ncident of the week was the reduction of the official rate of discount of the Bank of England from 3 to 2½ per cent. In New York the rate for call loans got down to 1½ per cent, and the maximum for the week did not get above 2 per cent, although quarterly settlements were unusually large. The buoyancy of the stock market was not without its effect upon business sentiment. The average price of stocks reached the highest level of the year, and there was a considerable increase in the transactions. The wheat market was active and excited, prices for both the May and July options advancing to the highest for years. The visible supply of wheat is larger than at this season last year, and yet the priee is about 30 per cent higher. *It* is a fair inference, therefore, that the advance is largely speculative, and it is unfortunate that manipulation should occur at this time when other commodities are falling and when wages and salaries are being reduced. The effect however, is likely to be a large increase in the acreage planted to spring wheat and corn, and later in the year we may expect to see prices of foodstuffs come down to a parity with other commodities.

TOO MANY HOLIDAYS.

The Public Ledger thinks there are enough holidays in this state and advises the members of the house and senate to consider very carefully whether we need an additional holiday before enacting into law the bill to make October 12, or Columbus Day a legal holiday. The Ledger does not mean any disrespect to Columbus, whose memory it says will never fade. Without counting the primary election days Pennsylvania has twelve full holidays, which added to the fifty-two Sundays and the twenty-six days represented in the fifty-two Saturday half holidays amount to just ninety days or nearly one-fourth of a year. In *I*taly and Spain there are more holidays, and in the South and Central America the various holidays are so numerous that the laziest man always find an excuse for indolence. *I*n the land of Manha. where everything is always put off until tomorrow, the holidays are most plentiful, and it is almost safe to make the generalization that the more shiftless and impoverished the nation the more holidays it observes. Let everybody in the United State who wishes to do honor to Columbus have entire freedom to celebrate and to cease work on that day, but there are enough holidays. It was proposed a few years ago that there should be a McKinley Day, and everybody knows that the Roosevelt Day will be almost irresistible. We should reserve a few days for work or at the very least we should refrain from closing the channels of activity to those who cannot afford the economic waste involved in constant interruption of business.

Shall We Have a Glass Works?

The project to establish a glass works in Bellefonte is gaining ground and looks now as though it would be an established fact. It is said it will take $25,000 to build and equip the factory and $15,000 is already in sight It is hoped to have the factory in operation by September 1st 1909. It will employ from 90 to 100 men and will be a tank furnace. Those interested are practical glass workers and they claim glass can be made cheaper here than elsewhere. This week a tank man from Pittsburg will be here and it is hoped a meeting of the board of trade can be called to get his views and opinions about the matter.

Let us hope that the people will take hold of this matter in the right way and push the thing through. It would mean a great deal to the business interests of the town if this factory could be established.

Why Suffer?

If you suffer pain from any cause, Dr. Miles' Anti-Pain Pills will relieve it—and leave no bad after-effects. That's the important thing. Neither do they create a habit. More often the attacks become less frequent, or disappear altogether. Dr. Miles' Anti-Pain Pills have no other effect except to relieve pain and quiet nervous irritation.

"We are never without Dr. Miles' Anti-Pain Pills. My husband and son, aged 15 were always subject to sick headache until we began using these Pills, and they have broken them up entirely. Don't think they have had to use them for six months. I recommend them to every one. A few weeks ago I heard an old lady friend was sick, I went to see her. She was down with LaGrippe, and nearly crazy with awful backache. I gave her one of the Anti-Pain Pills and left another for her to take in a short time. They helped her right away, and she says she will never be without them again. Last winter my husband was taken with pluerisy on both sides, and I know he would have died if it hadn't been for the Pills. In less than half an hour he was sweating, and went to bed and slept."

A Strong Letter Concerning Pe-ru-na.

Mr. Charles Nathan.

Ringing Testimonials From Young Men.

Unsolicited Evidence as to the Merits of Pe-ru-na.

From the North, South, East and West.

Nasal Catarrh for Four Years.

Mr. Charles Nathan, Treasurer Young Men's Hebrew Benevolent Society, 1813 St. Mary's Ave., Omaha, Neb., writes:

"I am glad to bear testimony to the value of Peruna as a remedy par excellence for catarrh.

"I have been troubled with nasal catarrh for upwards of four years. I would have headaches and at times it would cause bleeding of the nose. I tried at least a dozen douches and powders, which were only a source of expense to me, irritating the affected parts without causing any improvement.

"One month's treatment with Peruna cured me entirely, and I feel relieved and pleased to think that I am so entirely free from this unpleasant trouble.

"A large number of the young men members of our benevolent society, learning what Peruna did for me, have tried it and been cured of catarrh of the head and lungs and the stomach.

"It has cured dozens of colds and inflammation of the throat and lungs caused by prolonged colds and I certainly think it a very superior and safe remedy to use, always sure to help."

Stomach Trouble and Catarrh.

Mr. William Winans, 510 Hoyt St., Portland, Ore., Vice President Patrons of Husbandry, writes:

"Stomach trouble and catarrh have been the bane of my life for a number of years, but thanks to Peruna, I am entirely rid of them both.

"I took Peruna for a month before I felt sure that I was on the highroad to recovery, but I was amply repaid for my persistence. After three months of its use I did not need any more medicine. I was completely cured."

Pimples and Constipation.

Mr. Herman S. Boutilier, Port Caledonia, Cape Breton, Nova Scotia, writes:

"I cannot express too highly the great benefit I have received from your medicine, Peruna. At first I was skeptical as to your medicine, but now I am perfectly satisfied as to the results I have obtained.

"I am thankful to say that I ***feel as well as I ever did.*** The pimples have all gone from my face. Manalin has cured the constipation and Peruna has cured the catarrh."

Stomach and Liver.

Mr. Joe Schreiber, 931 Third St., Milwaukee, Wis., writes:

"I have suffered greatly with stomach and liver troubles. ***My complexion*** at one time was very sallow, my ***appetite and digestion very bad,*** my stomach weak, and I suffered from nausea after eating.

"A personal friend recommended your wonderful discovery, Peruna, and I am under obligations to him for recommending it to me, and under greater obligations to you for having placed such a ***valuable medicine*** on the market. I unhesitatingly recommend it to my friends, who may be similarly afflicted."

To-Day Well and Hearty.

Mr. Robert E. Klessel, Pennsville, N. J., writes:

"I feel better than I ever did in my life. I am a well and hearty man. Peruna helped to get my health where it is to-day, and if it were not for Peruna I would be in the same boat that I was last summer.

"I took several bottles of Peruna, and if I had taken it in the first place I would have saved several dollars, besides the time I lost, which was over sixteen weeks.

"I can say that Dr. Hartman's ***Peruna saved my life.*** I can recommend Peruna to any one by the experience I have had with it."

A Good Word for Pe-ru-na.

Mr. J. J. Moore, Box 1521, Pelzer, S. C., writes: "It is with much pleasure that I can speak a good word for your wonderful remedy, Peruna.

"As I have been permanently cured of catarrh by its use, it has been ***worth thousands of dollars to me.*** I wish you much success in your work."

A GREAT INDUSTRY.

Among the greatest American industries is the rose growing establishment of The Dingee & Conard Co., West Grove Pa., the largest growers of rose plants in the world. Their annual output is over one million plants all grown on their own roots. This great concern was established in 1850 by Charles Dingee, who, at the age of 84, is still hale and hearty. 'Twas he who first sent growing rose plants safely by mail, and now their patrons run into the hundreds of thousands. It is said they have customers in every county of every State in the Union, as well as in every civilized country. They have made the village of West Grove famous as the greatest rose town on this continent. Their mail comprises thousands of letters daily, and is delivered in special sacks, and at this time of year they load well nigh to a carload of mail daily. They have the reputation of growing the strongest, best and most beautiful roses in the world They sell the plants only, not the flowers. They also carry a complete list of miscellaneous plants, also flower and vegetable seeds.

This office is in receipt of their annual catalogue for 1909, which is termed "Sixty Years Among the Roses," a magnificent book of 116 pages, beautifully gotten up and illustrated profusely in natural colors in photographs, showing the celebrated Dingee Roses as they actually are. This book, we are told, cost them over $10,000, and is a work of art. The most remarkable part of it is that they offer to send it free to all who ask for it. We urge the readers of the Republican to take advantage of this opportunity to secure this beautiful rose book free. Make your home surroundings more attractive by planting some of these gorgeous roses. This book tells you the best varieties to select, how to grow them and how to care for them. It is a complete guide to successful rose culture, and was written for the beginner, and for a very small sum the residents of Bellefonte and vicinity can have roses blooming in thier yards and climbing over their porches in abundance, there by adding to the charm of the home, as well as adding to the attractiveness of the community at large. Address a postal card to-day for free catalogue to The Dingee & Conard Co. West Grove, Pa. It will pay you.

Sick headache, constipation and biliousness are relieved by Rings Little LiverPills. They cleanse the system. Do not gripe. Price 25c. Sold by C. M. Parrish.

A Square Deal

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles used in them, viz.—pure triple-refined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

Academy Defeated by State Independents.

The Bellefonte Academy base ball nine opened the seaon on Saturday afternoon with the strong State College Independent team and lost by the score of 6-0. After the first two innings not a run was scored and the fielding of both innings was excellent. The Academy boys had not been able to play even a scrub game prior to this contest owing to the wet condition of the diamond hence the apparent "stage fright" of the first two innings on the part of the Academy. After they had gotten accustomed to the diamond and to each other the infield players for the Academy put up a fine exhibition of base ball. The game on Saturday could only be regarded as a practice game and a good one it was. The Academy boys secured eight clean hits while the College boys could only bat Sleppy for five hits. The battery work of Sleppy and McClandless was excellent and the stick work of Sleppy was clever.

The diamond has been covered with a car load of Scotia sand and some great ball playing may be expected in the future games. The Academy would appreciate a more generous patronage at their games. The crowd on the outside of the fence was quite large.

Howard.

The brick works whistle was heard on Tuesday for the first time since last fall. Its sound spells prosperity for Howard and it hoped that it may be heard every working day during the year.

The pleasant spring weather affords several of our convalescents to further aid their recovery by spending much time out of doors. A. A. Pletcher now enjoys daily buggy rides about the country and R. B. Holter is again a familiar person about the streets in his daily walks. Both are gradually improving.

Capt. S. H. Bennison suffered a relapse last Friday but he has since improved somewhat.

The graduating class of the High school is busy making final arrangements for the annual commencement exercises. The baccalaureate sermon will be preached in the Methodist church Sunday evening, April 11, by Rev. W. H. Patterson, pastor of the Christian church. The High school will close on Wednesday, April 14, but the graduating exercises will not take place until Friday evening. Deitrick's orchestra, of Bellefonte, has been engaged to furnish the music and Dr. Sparks, president of the Pennsylvania State College, will make the commencement address. The State College quartet had been engaged but have since cancelled the engagement, which was much regretted by all. There are twelve persons in the class, one of the largest ever graduated from the school.

Ball playing on the streets will likely receive a set back from now on as the result of an accident Monday afternoon. Several boys were playing catch at the diamond when the ball passed one of them and rolled under a horse which was tied to a post in front of T. A Pletcher's saddlery. The horse was frightened and jumped back, pulling the hitching post out of the ground. Edward Heaton, who attempted to catch the horse, was struck by the post or horse and knocked down. Fortunately he was not seriously injured.

Miss Annie Yarnell is ill at her home on the Robb farm with pneumonia.

Malcolm Hamon and bride arrived here from Renova last Thursday for a visit with his mother and other relatives.

Misses Lula Schenck and Nellie Hopkins, students at the Lock Haven normal visited at their homes here from Wednesday until Tuesday.

Rev J F. Hower pastor of the Bellefonte Evangelical church was a visitor in Howard on Friday.

Mrs. R. S. Taylor and son Stuart were Lock Haven visitors on Saturday.

Rev. J. Allison Platts and F. E. Naginey of Bellefonte were visitors in this section on Sunday, making the trip in Mr. Naginey's auto.

Mrs. Wm. Beverly of Flemington was a visitor in Howard on Monday.

Rev. Owen Hicks and wife were visitors at the home of Mrs. Hicks' parents Mr. and Mrs Samuel F. Kline several days this week. Rev. Hicks was formerly located at State Run but was transferred to Coatsville, Potter county, by the recent conference.

L. C. Thompson and Charles Holter were Bellefonte visitors on Tuesday.

Movings were more numerous last Thursday than they have been for many a year. It would require too much space to enumerate all those who changed their places of residence. The day was an ideal one for moving and we hope they may all be as happy in their new homes and as congenial among their neighbors as the day was pleasant.

Fishermen who have had their nets in since the opening of the season report that they are unable to catch any fish, a very unusual thing in the spring of the year. On Tuesday morning the Wagner brothers broke the spell when they landed 55 suckers and mullets.

The annual banquet of the Lick Run lodge Independent Order of Odd Fellows was held in their handsomely furnished and spacious hall last Friday evening, when members of the order with their wives, sweethearts, and friends to the number of about 140 were present. This annual event is always looked forward to with great pleasure by all and on this occasion no effort was spared to make it the most interesting and pleasant yet held. All present enjoyed themselves in an informal way until Noble Grand J. C. Wetzick called for order and announced that they had prepared a short program of music and oratory which was then in order. Among the numbers on the program was a male quartet by members of the lodge, address by Rev. W. W. Rhoads, music by the ladies, address by Rev. R. S. Taylor, recitation by Miss Stover, "Why I am not an Odd Fellow," violin solo by Miss Ida Rhoads, address by Prof. F. M. Pletcher, of Blanchard, duet by Miss Rhoads and Mr. Kane. Needless to say that this part of the reception was appreciated by all as those who made addresses are all interesting speakers and those who furnished the music are all talented. After the excellent program was concluded caterer Charles Lucas got busy and tableful after tableful was served with choice and tempting refreshments, a feature which is never overlooked at gatherings of this sort. The reception was voted one of the most successful held by the order.

The unparalled prosperity of the order of Odd Fellows in the United States has excited the wonder of the leading men in all fraternal organizations. The first lodge was organized in Baltimore, Md., April 26, 1819; in 1825 the Grand Lodge of the United States was formed. In 1839 there were fifteen grand lodges, 135 subordinate lodges, and 11,000 members; in 1893 over 800,000 members and 8,000 lodges; and in 1907, in excess of 1,362,310 members. The American system has become popular in France, Germany, Switzerland, Holland, Sweden, Denmark, also in Canada, Mexico, West Indies, South America, Australia, and Japan. The total relief paid by the order up to 1907 was $5,006,000.

Last summer there grew in the garden of L. C. Thompson a cabbage plant that refused to head but had a luxuriant growth of leaves. When the other cabbages were gathered in the fall this one was left standing and remained green all winter. On All Fool's day James McCloskey, who occupies part of the property with Mr. Thompson, told around that the cabbage plant was in blossom and 25 or 30 persons went to see it during the day, not thinking it was April fool.

Robert Daughenbaugh received a compound fracture of the thumb last Wednesday while loading railroad ties. One of the heavy timbers dropped on the member, breaking the bone and badly bruising the flesh.

Prof. J. C. Weirick reports that he has already secured a goodly number of students for his summer normal, which opens on the 19th. This is an excellent opportunity for those who expect to take up higher branches next winter to get a good start.

Grove Brothers Post announces that they have secured Rev. H. I. Crow to preach the annual memorial sermon, which this year will be on Sunday May 30th in the Reformed church. As Memorial day falls on Sunday the decoration services will not take place until Monday the 31st.

Landlord Charles McMurtrie of the Hotel Howard has purchased the stock of ice from a dealer in Eagleville who removed from that place and during the past week several teams have been busy hauling it to his ice house here.

On account of an error in the specifications the Pennsylvania Railroad company has a crew of men at work tearing down the recently built abutments for the bridge over Lick run and will erect others in their place.

Mrs. Piper organized this society five years ago, and has been treasurer all that time, a noble worker she was. The ladies of the M. E. church are sorry she has taken her departure for their new field of labor. Rev. M. C. Piper also was presented with the same kind of a rocker the same evening from the young men and trustees of the church.

Bank and Home on Wheels.

The Williamsport Gazette and Bulletin say: A fine new pay car that is at once a substantial bank and comfortable modern home on wheels has arrived in the city for use on the general division of the Pennsylvania railroad of which H. M. Carson is general superintendent. Heretofore the pay car that was used was merely a transformed coach. The new car is fitted up completely in every detail for pay car uses.

The compactness of the car is shown particularly in the sleeping room, which in the day time serves as a dining room. At night a half dozen cots are fitted into position beside the walls on either side of the car. These cots are completely out of sight in the day time, as the bedding for which a large chest is provided.

There is a well equipped lavatory and even a shower bath, which of course, will provide an especially pleasing convenience for the members of the paying party on their runs in warm weather when a bath at the end of the day's run will prove quite refreshing.

The car kitchen is small, but there is nothing lacking. A stove with hot and cold water and a well arranged cabinet for dishes. The dishes fit in pockets or over projections in the cabinet in such a way as to prevent breakage.

While the car is steam heated, there will never be a need of this paying party being without heat should the steam supply grow inadequate, for in a closet on one side of the kitchen is located a Baker heater.

In making its monthly paying trip, the car will first pay from Canadaigua to Williamsport. It then goes to Sunbury and pays from that place to Harrisburg. There is then a return to Sunbury and the car next pays from Sunbury to Wilkesbarre and then to Pottsville. Next comes the paying from Sunbury to Lewistown and then from Sunbury to Bellefonte. Returning again to Sunbury, the car goes from there to Erie and then makes its return to Williamsport.

A Sad Death

Early Friday morning Mrs. Bessie Peters, wife of Edward Peters, of Snow Shoe, died at her home in that place. The circumstances surrounding the case are very sad indeed. It seems that several days ago she gave birth to a child. She was getting along nicely until yesterday when she became worse and finally passed away about six o'clock this morning. The child died at 4 o'clock this morning.

The deceased was born in Bellefonte about eighteen years ago. She was the daughter of Sinecure Walker, of this city. About a year ago she was united in marriage to Edward Peters, who is employed in the Pennsylvania freight station at Snow Shoe.

She is survived by her husband, her parents and one brother, Vincent, of this place.

Erie Elks' New Temple.

The Erie lodge of Elks removed Thursday to the splended new temple which is nearing completion at the corner of Eighth and Peach streets. While the building will not be ready for dedication until late in the summer, it has been fitted out for club and lodge purposes until that time, and in the meantime the work of interior finishing will be rushed through. As soon as the temple is completed a day will be set aside upon which the people may visit the Elks' home if they desire.

The new Elk's temple is undoubtedly one of the most magnificent of its kind to be found in the country. Built of a combination of Colonial, Italian and Grecian architecture. It presents an dark red face brick known as Wadsworth's and its white trimmings that clearly outline the windows and cornices.

Foster's April Forecast.

W. T. Foster, the Washington weather forecaster, makes the following weather forecast for April:

I expect first week of April to be unusually cold in the states east of the Alleghenies and north of the Potomac with more than the usual amount of rain. During the week temperatures will go to the freezing point and killing frosts will occur.

During the week of which April 14 will be central day temperatures will go unusually high, thunder storms will occur and from April 10 to 20 the weather will be real weather bureau "flare-back," an outrage on the reputation of weather that is inclined to be moderate.

From April 15 to 20, while tropical storm will be off our southeastern coasts and a severe cold wave in the great central valleys west of the Alleghenies the storms in the northwestern states will assume a threatening condition and almost anything in the weather line is liable to occur.

The most severe storms will occur not far from April 4, 13 and 19 and the month will go out cold. Warmest days will be near April 14 and 24.

Dismantling Catawissa Paper Mill Has Begun.

The Bloomsburg Daily Mail says that from present indications it is not probable that the New York and Pennsylvania Paper Mills Co., the proprietor of the paper mill at Catawissa, has any intention of resuming work there. On the other hand it looks very much as if the plant will be gradually dismantled and the machinery shipped to other parts of the country where the concern owns mills.

Only recently several of the best pieces of the machine shop machinery were shipped to Lock Haven, and a few days before that all the belting in the mill was removed from the pulleys and shipped to the same place. Prior to that the stock of pulp wood on hand was sold.

The news that the mill will never likely be resumed was received with regret by many of the people of that place, as in the past many depended upon it for support.

Graustark Coming

"Graustark," a dramatization of Geo. Barr McCutcheon's novel comes to Garman's opera house April 12, 1909. No play has so electrified the theatrical world in a decade, and much interest is shown in the coming presentation. The book has been widely read and many are familiar with the captivating story. It deals with the adventures of a daring American and a "Princess" and unfolds a narrative of "A love behind a throne." The play is in five acts and mounted with a lavish equipment of scenic effects and costumes, and interpreted by a cast of players that are seldom seen away from the Broadway theatres.

Both company and play have been showered with praise by critics in other cities, and it is said that "Graustark" sets a standard by which all dramatized novels will be judged in the future.

Palm Sunday Services.

Palm Sunday was observed in St. John's Reformed church Sunday. At the morning service a class of nine were received by confirmation and three by certificate.

The members of the class were Messrs Miles X. Decker, Fidel M. Fleck, Henry Keller, Carl F. Deitrich, and Misses Cora M. Garbrick, Sarah E. Wetzel, Marion E. Lutz, Olive M. Tate, and Carrie E. Hazel. By certificate Mr. and Mrs Ammon Gramley and Mrs. Pearl R. Brown.

Rev. Dr. Schmidt's sermon was based on the theme "Behold your King." "The Palms," a duet was sung by Miss Roxie Mingle and Mrs. Schmidt. In the evening the pastor gave a review of the life of Pontius Pilate.

Nature "makes all things beautiful in their time." Every one of life's seasons, when life moves on Nature's lines, has its own charm and beauty. Many women dread that period when they must experience change of life. They fear that face and form may suffer by the change, and that they may fail to please those whom they love. The value of Doctor Pierce's Favorite Prescription in this of woman's life lies in the fact that it assists Nature. Its use preserves the balance and buoyancy of the mind and sustains the physical powers. Many women have expressed their gratitude for the help and comfort given by "Favorite Prescription" in this trying period. Its benefit are not passing but permanent. Not a "patent medicine" because all its ingredients are printed on the bottle-wrapper.

Suggestive Questions on the Sunday School Lesson by Rev. Dr. Linscott for the International Newspaper Bible Study Club.

April 11th 1909.

Easter Lesson 1 Cor. xv:12-58.

Now is Christ risen from the dead, and become the first fruits of them that slept. 1 Cor. xv:20.

Verses 12-13—Does the doctrine of the resurrection of the body, rest upon revelation or upon reason?

Providing the soul is immortal is it, or not, of material importance whether the body is raised or not?

If there is no resurrection of the dead, it follows as Paul here states, that Christ is not risen; but is the converse true, that if Christ is risen then all human beings will necessarily be resurrected?

It seems that some in Corinth denied the resurrection of the dead in the sense that there is no life after death, now if that were true, then how much would there be left of Christianity?

What is the process of reasoning that demonstrates the fact of immortality?

What is the scripture proof of after death?

Can you mention a single nation or tribe of the past, or at the present, which has not believed in immortality in some shape?

Verses 14-17-If there is no resurrection of the dead, how would that make their preaching vain, and make them false witnesses?

Verses 18-19-How is it that all men instinctively believe in the immortality of their departed friends, and expect to meet them again?

It was doubtless true in Paul's day that if there was no immortality Christians were of all men most miserable, because, they were then despised, imprioned and put to death; but is the same true to-day? Is not Christ's religion now a grand thing for this world, even if death did end all?

Verse 20-What is the chief evidence of the truth of Christianity?

What is the proof that Jesus did rise, from the dead? (See Matt. xxvi:16-18; Mark xvi:14; Luke xxv:36-38; John xx 4,5 14,26; xxi 1: Acts i: 3 13, 30, 31; 1 Cor xv: 3-8, et seq.)

Is the fact of the resurrection of Jesus to be proved by evidence, like any other fact, and is there any other historic fact better attested?

Why was it, when Jesus was crucified that his deciples were a dispirited band, having lost heart, and going back to their former occupation, and what was it afterwards that put new life in them, and make them the most courageous men that ever lived? (This question must be answered in writing by members of the Club.)

What became the prominent theme of their preaching?

Is it credible that such noble men, who afterward laid down their lives for the truth, would tesify that they had seen and talked to Jesus after his death, if they had not so seen him?

Verse 21--22--Would there have been natural death if there had been no sin?

Would there have been any resurrection of the dead, if Jesus had not been resurrected?

Verses 23 28--Was Christ the first man to rise from the dead?

When will the general resurrection be?

Will Christ finally abolish death and destroy sin?

Has God put all the forces of nature under the control of Jesus?

Good Way To Do Business

When one can buy gold dollars for fifty cents, it is a good time to purchase

In ordering a 50c bottle of Dr. Howard's celebrated specific for the cure of constipation and dyspepsia at 25 cents, C. M. Parrish is giving one of the greatest trade chances ever offered to the people of Bellefonte.

If food does not digest well, if there is gas or pain the stomach, if the tongue is coated and the breath bad, if there is constipation and straing, Dr. Howard's specific will cure you. If it does not, you have druggist C. M. Parrish personal guaranteed to return your money.

This remarkable remedy comes in the form of tiny granules, and can be carried in vest pocket or purse. It is very popular in New York City, and it is not unusual to see someone after a meal at one of the large hotels or restaurants, take a dose of this specific, knowing that it will prevent the uncomfortable feeling which frequently follows a hearty meal.

Dr. Howard's specific give quick relief and makes permanent cures of constipation, dyspepsia and all liver troubles.

These are strong statements, but C. M. Parrish is giving his customers a chance to prove their truth at just half the regular price—sixty doses for 25 cents. If they are not found true, all you have to do is to ask for your money.

DeWitt's Little Early Risers, the best known pills and the best pills made, are easy to take and act gently and are certain. We sell and recommend them. Sold by All Dealers.

ADMIRAL CERVERA IS DEAD

Naval Officer, Captured In Cuban Waters, Expires In Spain.

Puerto Real, Spain, April 5. — Vice Admiral Pascual Cervera, who commanded the Spanish fleet in the battle of Santiago, Cuba, died here. The

ADMIRAL CERVERA.

members of the admiral's family were present at his bedside, as was also Rear Admiral Eulate, who was commander of the Viscaya at Santiago.

Admiral Cervera in his last hours asked that no military honors be paid him. He showed great fortitude and beseeched his relatives not to grieve. He retained consciousness until within a few minutes of his death, which was directly due to heart disease.

King Alfonso has telegraphed his condolences.

When Admiral Cervera was hauled out of the Caribbean sea on Sunday, July 3, 1898, after the destruction of the Spanish fleet off the south coast of Cuba, he was regarded by the American people as a hero second only to their own fighters. He was taken to the United States a prisoner of war and held until September, when he was sent back to Spain.

KEEPERS ATTACKED BY MURDERER

Wrenches Rod From Sink in Cell and Beats Officers.

Trenton, N. J., April 5.—David Speer and Albert Leisner, two deputies at the state prison, were badly cut about the head by a prisoner, Dominick Magano, who was one of the six men confined in the death house. Magano attacked the deputies as they were bringing him his food. He did so with a brass rod he had wrenched from a sink in his cell. Both men were cut about the head, but finally overpowered the prisoner and handcuffed him. Neither deputy is seriously injured.

Magano's outbreak was due to the taking away from him of a belt he was making out of some yarn. The belt had become of such size that it was feared he might use it to commit suicide. Magano resented this and was particularly offended because he was making the belt for one of his children. The prisoner was convicted of murder in the first degree in Union county, but a few days ago was granted a new trial. He has been in the death house since last September.

DYNAMITED THE JAIL

Yeggmen Blow Up Floor of Cell and Escape.

Greenville, S. C., April 5.—Barber Moore and George Barton, alleged "yeggmen," who were arrested here by postoffice inspectors on March 20 on a charge of having committed numerous postoffice robberies in this state, escaped from the county jail by dynamiting the floor of the cell. They drilled in the rock floor of the jail with a drill made of an umbrella handle. It is believed they had outside assistance.

BROKEN HEARTED AND ALONE

Widow of Veteran Died of Grief at Passing of Husband.

Pottsville, Pa., April 5.—An invalid for five years, Mrs. August A. Sturn, aged ninety-three years, died at her home at Tumbling Run of a broken heart, having followed the death of her husband, a veteran of the Civil War, by about twenty-four hours. The latter was seventy-five years of age.

Ethan A. Hitchcock Seriously Ill.

Washington, April 5.—Ethan Allen Hitchcock, former secretary of the interior, is critically ill at the home of his son-in-law, Commander W. S. Sims, U. S. N., and grave fears for his recovery are entertained. Mr. Hitchcock has been confined to his bed for the past two weeks suffering from heart and kidney trouble.

Harry P. Cooper Dies.

Allentown, Pa., April 5.—Harry P. Cooper, since 1903 superintendent of the Crummold furnace, of the Reading Iron company, at Emaus, died at his home in Emaus from pneumonia, after an illness of only three days. He was fifty-six years old and left a widow and a son.

Merchant Killed by Train.

Spartansburg, S. C., April 5.—J. W. Livingstone, formerly a well known grocery merchant of this city, was killed by stepping in front of a train at Batesburg. It is said to be a case of suicide. Livingstone recently failed in business.

Dr. Pierce's Health Talks

The miracle of motherhood is often overshadowed by the misery of motherhood. The great functional changes which are incident to child bearing leave their mark for life on many a mother. Some women offer up their lives as a sacrifice on the altar of motherhood. A far greater number live on in ceaseless misery. Their strength fails, their beauty fades, they have no ambition and no enjoyment in life. To every woman

Dr. Pierce's Favorite Prescription

Offers escape from the pains and perils of motherhood. Taken during the period of waiting and anticipation this medicine strengthens the body, nourishes the nerves, and prepares the whole womanly system for the coming of baby. It also insures an abundant supply of nourishment for the child.

The mind feels bright and buoyant. There is no anxiety, no dread, but in its place a happy anticipation of the baby's coming, which counts for the future happiness of the child unborn. The use of "Favorite Prescription" makes the baby's advent easy, and gives abundant vitality to nursing mothers.

There is no alcohol or habit-forming drugs in "Favorite Prescription." It is a purely vegetable medicine.

Accept no substitute for "Favorite Prescription." There is nothing "just as good" for weak and sickly women. All its ingredients printed on its bottle-wrapper.

The larger success of doctor or druggist is never won by putting love for the dollar above duty to the sick. Protecting the sick, giving them what they ask for when Dr. Pierce's Favorite Prescription is *called for*, will enrich him in respect, if it does not *swell to the utmost* his profits.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. Swamp-Root corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Brights or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell

Better Not Get Dyspepsia

If you can help it. Kodol prevents Dyspepsia, by effectually helping Nature to Relieve Indigestion. But don't trifle with Indigestion.

A great many people who have trifled with indigestion, have been sorry for it—when nervous or chronic dyspepsia resulted, and they have not been able to cure it.

Use Kodol and prevent having Dyspepsia.

Everyone is subject to indigestion. Stomach derangement follows stomach abuse, just as naturally and just as surely as a sound and healthy stomach results upon the taking of Kodol.

When you experience sourness of stomach, belching of gas and nauseating fluid, bloated sensation, gnawing pain in the pit of the stomach, heart burn (so-called), diarrhoea, headaches, dullness or chronic tired feeling—you need Kodol. And then the quicker you take Kodol—the better. Eat what you want, let Kodol digest it.

Ordinary pepsin "dyspepsia tablets," physics, etc., are not likely to be of much benefit to you, in digestive ailments. Pepsin is only a partial digester—and physics are not digesters at all.

Kodol is a perfect digester. If you could see Kodol digesting every particle of food, of all kinds, in the glass test-tubes in our laboratories, you would know this just as well as we do.

Nature and Kodol will always cure a sick stomach—but in order to be cured, the stomach must rest. That is what Kodol does—rests the stomach, while the stomach gets well. Just as simple as A, B, C.

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2½ times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

WORLD'S BEST RUNNERS MEET THIS AFTERNOON

Six of Them Entered in New York Marathon Derby.

New York, April 3.—At 3 o'clock this afternoon six of the world's best runners, men of speed and stamina tested in many contests since the Marathon bug bit the athletic world, will start in the Polo grounds here in a Marathon Derby. They will run the regulation Marathon distance, 26 miles and 385 yards, for a purse of $10,000, the largest ever offered in a foot race.

The men who will run this afternoon are Tom Longboat, the Canadian Indian; Johnny Hayes, the New Yorker; Dorando Pietri, the Italian; Alfred Shrubb, from England; Matt Maloney, of New York, the former amateur Marathon champion, and Henri St. Yves, who, as his name shows, hails from France. The first five of these men are well known to the sporting world and to many persons who ordinarily take little interest in such matters as races. A very large crowd is expected to see the contest.

The sextet of runners is the greatest collection of Marathon racers ever gathered. It is asserted by many that Shrubb cannot go the route, but the Englishman says that he will cut out the murderous pace for the first fifteen miles and will be in at the finish. Longboat is the favorite, with Dorando a close second, owing to his two defeats of Hayes in Madison Square Garden.

BASEBALL SEASON OPENS

Phillies Beat Athletics by Score of 2 to 1 In First Game.

Philadelphia, April 3.—The professional baseball season in Philadelphia was opened, the local representatives of the National League defeating the Philadelphia Americans (Athletics) in a close game. The teams will play a series of seven games. All the games will be played on the National League grounds, as the management of the Athletics does not wish to use its new $500,000 park until the opening day of the American League season, April 12. The score:

	R.	H.	E.
Athletics ..0 0 0 0 0 0 0 0 1—1	3	3	
Philada ...0 0 0 0 0 1 0 1 x—2	9	1	

Batteries—Dygert and Powers; McQuillen and Dooin. Umpires—O'Day and Connolly.

Eggs May Change Name After Easter.

New York, April 3.—Justice O'Gorman, in the supreme court, signed an order authorizing Ulrich Egg and his wife, Emilie Egg, to change their name. The Egggs are in the restaurant business, and said that they could stand the joshing no longer. They wanted immediate relief, but the order of the court will not go into effect until after Easter. They will then be known as Mr. and Mrs. Eck.

Baby Burned to Death.

West Chester, Pa., April 3.—Alice P. Carter, aged three years, the adopted daughter of Walter Carter, of the Anvil, was burned to death. Her clothing caught at a bonfire which she had kindled in the yard at her home. The little child had found a match and with it set fire to a large heap of paper and other rubbish.

New Naval Aide For Taft.

Washington, April 3. — Lieutenant Leigh C. Palmer, of the navy, was assigned to duty as the naval aide to President Taft, succeeding Commander William S. Sims, who is transferred to the command of the battleship Minnesota.

Lawyer Gets Fourteen Years.

New Orleans, April 3.—Robert J. Maloney, a lawyer, convicted of defrauding clients of $300,000, was sentenced to fourteen years in the penitentiary.

MAY VOTE ON TARIFF APRIL 10

House May Start Five-Minute Debate on Monday.

LEADERS MAKE CONCESSIONS

"Standpatters" Agree to Submit Amendments to Important Schedules to Vote In the House—Every Effort Being Made to Get Republican Members In Line.

Washington, April 1.—A compromise is to be agreed to by the various factions on the Republican side of the house regarding the consideration of the Payne tariff bill, and it is confidently expected that the measure will be voted upon on April 10.

There was a noticeable disposition on the part of the "standpatters," following their conference with President Taft, to accede to the wishes of those who have opposed any "gag rule" which would prevent a vote on certain important schedules. The ways and means committee have agreed to submit amendments to the bill which will keep tea on the free list, strike out the countervailing duty on coffee and make the rate on barley 25 cents a bushel.

While it probably will be impossible to have a rule to limit amendments favorably acted upon before Monday, Representative Dwight, of New York, is making every effort to get the members in line. Speaker Cannon, Chairman Payne and Representative Dalzell, in their desire to have the bill passed by the house without delay are endeavoring to restrict as far as possible the amendments to those which the committee will offer.

Fears that the senate will not make changes in the bill which they desire, and their determination to satisfy their constituents that they are looking after their interests in the house, are the main reasons certain Republican representatives are holding out for a rule which will permit them to accomplish these objects. Up to this time the "standpatters" have agreed to permit the discussion for amendments of the paragraphs on hides and lumber. It probably will be necessary, however, for them to grant the same permission with regard to the reciprocity clause on bituminous coal and the paragraph which places iron ore on the free list.

The Republican members of the Michigan, Iowa and Wisconsin delegations desire an increased tax on beer and the lowering of the duties on gloves and hosiery. Some wish the repeal of the provision for an inheritance tax. It is said that the ways and means committee may report an amendment which will provide for a tax on all dividends from stocks and bonds. This has been proposed as a means for raising the $10,000,000 revenue which it is estimated the Payne bill would provide through the tax on tea and lumber.

It is now believed that a rule will be brought in Monday to provide for the consideration of the Payne bill under the five minute rule until the following Saturday, when it will be voted upon.

BETTER NOT KISS A BLONDE

If Her Hair Is Bleached She May Make Your Gums Sore.

Birmingham, Ala., April 1.—Speakers before the National Dentists' association declared that pyorrhea, a disease of the gums, was communicable by kissing. The assertion was also made that nearly every woman whose hair is artificially colored or bleached is a victim of pyorrhea.

Burned Body Found In Snow Bank.

Ithaca, N. Y., April 1.—The burned body of Thomas Armstrong, an aged hermit, was found by neighbors in a snow bank back of his shack. He had been dead about ten days, the coroner said. Appearances were that the hermit's clothing had been saturated with kerosene and set on fire, but there was nothing to indicate whether death was due to his own act or to foul play.

Girl Cremated In Burning Home.

Wilkes-Barre, Pa., April 1. — The home of Timothy Sullivan, at Nanticoke, Pa., was destroyed by fire. His six-year-old daughter Mary perished in the flames. Her twin brother, who caused the fire by playing with matches, was rescued in an unconscious condition.

Governor Haskell's Daughter Weds.

Guthrie, Okla., April 1.—Miss Frances L. Haskell, daughter of Governor Charles N. Haskell, was married in the Oklahoma senate chamber to Leslie G. Niblack, a Guthrie newspaper man. The ceremony was performed by Chief Justice Matthew J. Kane, of the Oklahoma supreme court.

Mikado to Honor President Eliot.

Washington, April 1. — President Eliot, of Harvard university, is to be decorated by the mikado of Japan with the order of the Rising Sun, first class. This announcement was made to President Eliot by Ambassador Takahira, of Japan.

Hanged For Highway Robbery.

Talladega, Ala., April 1. — George Watson, colored, convicted of highway robbery, was hanged here. The negro confessed the crime on the gallows.

MRS. BOYLE UNDER BAIL

Woman Kidnapper of Willie Whitla Pleads Not Guilty.

Mercer, Pa., April 1.—Mrs. Helen Boyle, wife of James H. Boyle, kidnapper of Willie Whitla, was arraigned before Justice of the Peace Thomas McClain at this place, charged with kidnapping.

She entered a plea of "not guilty," and was held for the action of the grand jury in the sum of $25,000 bail. Her husband waived a hearing at Sharon, Monday, and is held in the jail here on a similar bond.

The opinion is expressed that the kidnapping charge against the woman will fall flat, and that eventually the Ohio authorities will get possession of her on a charge of blackmail. From the present indications it is likely her husband's defense will be "mental irresponsibility."

Whitlas at Atlantic City.

Atlantic City, April 1.—James Whitla, Mrs. Whitla and Willie Whitla arrived here from their home in Sharon, Pa., for rest and recuperation after the exciting experiences of the past fortnight. They went to the Hotel Dennis, where they expect to spend several days in quiet enjoyment of the seashore. The father refused to make any statement further than to say that the family would make every effort to secure entire rest and quiet during their visit. Selina Whitla and a boy friend of the son are also with the party.

PASTOR WEDS TO GET CHURCH HE DESIRED

Acts Promptly Upon Suggestion of Presiding Elder.

Baltimore, April 1. — Because he found that it would not be possible for him to secure a much-desired pastorate as long as he remained single, Rev. Edward Barber, of the Methodist Episcopal Church, South, without a waste of time, took to himself a wife.

He has been in charge of a church near Laurel, Del., and came to Baltimore to attend the annual conference, and to see if it were possible to get a Virginia appointment.

"Brother," said the presiding elder, "if you were married, you would fit that place; but unmarried you had better not have it."

Mr. Barber got into communication with Laurel and in a few hours Miss Alta Mildred Welsh, eighteen years old, was enroute to this city. They were married and the bridegroom got the charge he wanted.

MEDALS FOR WRIGHTS

President Taft Plans to Present Them Personally.

Washington, April 1. — President Taft expressed the opinion that the medals to be given to Orville and Wilbur Wright for distinguished services in the field of aerial navigation shall be presented at the home of the Wrights in Dayton, O., instead of in New York or Washington. Representative Cox, of Ohio, called on the president to talk with him in regard to the matter, and Mr. Taft said that if possible he would personally present the medals. If he is unable to go to Ohio, he will send a high representative of the government. The date of the presentation has not been fixed, but it will be some time in May.

U. S. TROOPS LEAVE CUBA

Last of Our Soldiers Withdrawn From Island.

STARS AND STRIPES DOWN

Troops Saluted and Bands Played When Cuban Colors Were Raised. The Evacuation Was Conducted Without a Hitch.

Havana, April 1.—The last emblem of American domination over Cuba disappeared when the garrison flag at Camp Columbia fluttered down the pole and was replaced a moment later by the lone starred banner of the Cuban republic. The ceremony attending the transfer of authority took place in the presence of the American garrison of Camp Columbia, consisting of two battalions of the Twenty-seventh infantry and three companies of engineers, and one battalion of Cuban infantry, forming three sides of a hollow square.

At the direction of Major General Thomas H. Barry, commanding, Lieutenant Bayard Snead, of the Twenty-seventh infantry, advanced to the flagstaff and hauled down the colors. The troops presented arms and the Cuban and American bands played "The Star Spangled Banner." A Cuban lieutenant then raised the Cuban colors. The troops again saluted and the bands played the "Hymno de Bayamo."

The transfer of the camp being thus completed, the Cuban troops lined the roadside and presented arms, while the Americans, numbering about 800, in heavy marching order, swung past. They halted outside the camp limits, where a long line of trolley cars was in waiting to convey them to the transports Sumner and McClellan, lying at the arsenal docks.

The transport Sumner carries the infantry, one company of engineers and a number of officers and their families, the total passenger list numbering 837. The McClellan has a total of 321 passengers, which includes a company of engineers, officers and their families and the civil employes of the army. All the animals have been shipped aboard the chartered steamer Progresso, which will proceed for Tampa, Fla.

The transports sailed for Newport News this morning. Major General Barry bid his men farewell, and then, accompanied by his aide, went aboard the Tampa steamer Mascotte, leaving not a single representative of the American army on Cuban soil.

The evacuation of the island was conducted throughout with admirable precision, the program not being marked by the slightest hitch. The Cuban troops entered into the possession of the quarters of the American officers and men immediately they were vacated, all the buildings having been cleaned and placed in perfect order before the departure of the Americans. The camp will now become the headquarters of the new Cuban army and the name probably will be changed.

WOMAN BETRAYS MURDERER

Conscience Stricken Italian Told Inamorati of Crime He Committed.

Wilkes-Barre, Pa., April 1—Betrayed by a woman, Giatano Toreto, who murdered his benefactor, Anthony Afigan, at Pittston on March 6, was captured at Wanamie, near here, and was lodged in jail, after confessing.

Conscience stricken, Toreto a couple of days ago admitted the murder to a woman with whom he was infatuated. Afigan had brought Toreto to this country and got him work. The murder was the result of a drunken dispute.

DECEMBER AND MAY WED

64-Year-Old Widow Gave Up Pension to Marry 19-Year-Old Boy.

Columbia, Mo., April 1.—Mrs. Sarah Montamat, a widow, sixty-four years old, gave up a pension of $15 a month and a salary of $20 a month as housekeeper to be married to Turner Acton, nineteen years old, who worked at the same house with her. The boy's mother gave consent.

Bulldog Killed by Swallowing Corks.

Chicago, April 1.—The noted French bulldog Marshal Ney II., owned by Lincoln Bartlett, and valued at $10,000, is dead. Mr. Bartlett says that the animal had been playing with children, who had thrown corks for it to scamper after. The dog swallowed several of the corks and died of acute peritonitis.

Five Miners Entombed.

Charleston, W. Va., April 1.—Five men are entombed as a result of an explosion at the Echo mine in Fayette county. All are believed to be dead. Two other men, slightly injured, were rescued.

Prohibition Defeated In Iowa.

Des Moines, Ia., April 1.—Constitutional prohibition for the state of Iowa was postponed for two years, if not defeated permanently, by the action of the state senate in voting down a motion to take up the question.

Six Inches Snow In Texas Panhandle.

Fort Worth, Tex., April 1.—Advices from the Texas Panhandle indicate that snow there is six inches deep and still falling.

WRESTLERS MATCHED

Gotch Matched to Meet Hackenschmidt at Melbourne, Australia.

Chicago, April 1.—Frank Gotch, the champion wrestler of the world, announced that he had signed articles to meet George Hackenschmidt in January at Melbourne, Australia. Gotch says that he has accepted an offer of $13,000, win, lose or draw, to meet Hackenschmidt, whom he defeated here last year.

Mahmout-Rogers Bout Tonight.

Cleveland, April 1. — Two of the world's best and biggest wrestlers will meet tonight in this city. They are Yusiff Mahmout, the Bulgarian, who has been taking falls out of some of the best American grapplers, and Joe Rogers, the American, whom Frank Gotch, champion of the world, failed to defeat in a handicap match Rogers lost to Hackenschmidt in Europe.

There is considerable bad feeling between the two men, and their match should be fast and furious.

SCIENTIST SLAIN

Dr. Jones Killed by Wild Ilongots In Philippines.

Manila, April 1.—News was received here of the murder of Dr. William Jones, the anthropologist, who was sent to the Philippines some three years ago by the Field Museum of Natural History, Chicago. The murder is said to have been committed by wild Ilongots at Dumobato, near the head waters of the Cayagan river, where Dr. Jones had been living and studying for about a year.

NAMED CATS AFTER TWELVE APOSTLES

Given as Cause to Set Aside Wealthy Woman's Will.

Newark, N. J., April 1.—Because she kept twelve cats, named after the twelve apostles, including one drab colored favorite named "St. Judas," an effort is being made to have the will of the late Miss Anna A. Burnet, of Hilton, who left an estate valued at $300,000, set aside on the ground that she was incompetent. Her nearest relatives, who are cousins, have begun the action. One-third of the estate was left to charity and the remainder to relatives and friends.

MOVE TO BEAT HOPKINS

Illinois Senator Virtually Eliminated From Contest.

Chicago, April 1.—It is politically reported that Albert J. Hopkins was virtually eliminated from the senatorial race by a caucus of the big Republican chiefs of the Cook county organization, thoroughly secret, but more important politically than any conference held in Chicago for years.

Hopkins was abandoned and a new man, one who has received no votes as yet in the senatorial deadlock, was all but agreed upon. That man is Roy O. West.

MORRELL DECLINES POST

Well Known Philadelphia Man Refuses Ambassadorship to Russia.

Washington, April 1.—It was learned that former Representative E. DeV. Morrell, of Philadelphia, had been offered the post of ambassador to Russia, but that because of the demand of his private interests on his time he was not able to accept the position, which is now filled by John W. Riddle.

Woman Fatally Burned.

Lancaster, Pa., April 1.—Mrs. A. B. Shiffer was fatally burned when a lighted oil lamp fell from a sewing machine at which she was at work and set fire to her dress. She ran from the house and neighbors extinguished the flames. Her hair was burned from her head, and her face, neck and arms were badly burned.

Bride Attempts Suicide.

Boyertown, Pa., April 1.—Mrs. Donald Lupfer, a bride, attempted suicide at the Union hotel. When a doctor had restored her to consciousness she said that she was despondent because she had to live at Boyertown, where her husband is employed. She said she wished to live in Pottstown near her parents.

Boy Found Dying In Mine.

Mahanoy City, Pa., April 1.—Missed by the miners at quitting time, a hunt in the New Boston mine resulted in the finding of Paul Kinger, eighteen years old, a driver boy, lying in a gangway with his skull fractured. Still unconscious he was taken to the hospital and is likely to die. It is believed he was kicked by a mule.

Nelson and Welsh Matched.

Pittsburg, Kan., April 1. — Charles Egan, manager of Battling Nelson, said that a contract had been signed for a bout between Nelson and Freddie Welsh, the lightweight champion, at Juarez, Mexico, June 15, both men to weigh in at 133 pounds.

Military Prison Burned.

Leavenworth, Kan., April 1.—The military prison at Fort Leavenworth was destroyed by fire. The prisoners were removed from the cell houses under a heavy guard of United States troops and confined in a stockade.

Packing Your Winter Clothing?

Then you ought to know of

Red Cedar Flakes

the modern mothecide that takes the place of the cumbersome old red cedar chest and the ill-smelling moth balls.

Red Cedar Flakes combine all the good moth-killing qualities of red cedar and moth balls, without a single one of their bad qualities.

They are so convenient to use, too.

Each garment can be packed away separately in trunk or bureau drawer. You simply sprinkle *Red Cedar Flakes* in a fold of paper, then wrap up and put away your garments.

We sell a generous sized package for 15c.; two for 25c. Full directions in each package.

BRIEF MENTION

Short Items of Local Interest Gathered By The Way Side

—C. Y. Wagner received his new Franklin automobile on Tuesday.

—Mrs. S. D. Gettig was admitted to the Bellefonte hospital last week for treatment.

—Chas. McLaughlin, of Bellefonte, has broken ground for a double house to be located on Logan street.

—Spring has come to stay, we notice a large band of gypsies located at the nail works the first of the season.

—Mr. James Weaver one of our city's best painters is improving E. F. Gillen's grocery store with a coat of paint.

—H. H. Montgomery has improved his property by the addition of two coats of paint, we would suggest that others follow his example.

—The ladies of town had an opportunity of displaying the Easter bonnets by attending palm Sunday services at the different churches.

—The two disciples of Issac Walton James Clark and John Knisely put in a strenuous days on Friday last in putting 30,000 trout fry in Fishing Creek.

—Dr. and Mrs. Thos. R. Hayes, who have been spending the winter in Atlantic City, have gone to Ashville, N. C., where they will be until they come to Bellefonte to open their home for the summer.

—The lecture of Father O'Hanlon on Hamlet, in Petriken hall on Tuesday evening, April 13th, will be well worth hearing. The reverened is a very interesting talker and has no trouble entertaining his audience. The price of admission will be but fifty cents.

—W. D. Dukeman, of Winburn, was in Bellefonte on Saturday shaking hands with his friends. "Billy" at one time was deputy recorder of Centre county, and when he returns, occasionally, he always feels at home. He has a nice position in Winburne and is getting along fine.

—Sunday morning all the employes of the Buffalo Run quarries and kilns of the American Lime and Stone Company went on a strike. It is said the strike was caused by a recent cut in the wages of the lime burners. It is hoped that it will soon be arranged satisfactory so that the men may resume work.

—Mrs. Carl Lillidahl, who since the death of her husband has been making her home with her parents, Mr. and Mrs. David Barlet, has purchased the A. V. Smith double house adjoining the United Brethren church on Thomas street, and on Thursday both the Barlet and Christ Young families moved into it.

—By the provision of the will of the late Miss Lizzie Snyder, of the Reformed church of Centre Hall becomes the owner of the Snyder dwelling house in Centre Hall, the value of which is about $1000. Abner Alexander and Mrs. Elmer E. Royer are also beneficiaries under the same will, as are also a number of other relatives.

—The Millheim Banking company expects to erect, in the very near future, a fine bank building on the site of the Eisenhuth property on Main street, lately purchased by the company. The building will contain a room especially built for a bank, with vaults built into the building and the east side of the building will contain a store room. The Millheim bank was organized in 1872 with ample capital and has been in successful operation ever since.

—Wm. Creasy, son of Representative Wm. T. Creasy, and his younger brother Charles, who were both students at Susquehanna University, and H. W. Harverstick, who was athletic director for the past year, have gone to Canada to grow wheat. The young men intend to secure a large area of wheat land and will put it under cultivation immediately after arriving in the north country. They expect to locate between Calgary and Edmonton, which country is unexcelled as a wheat producing territory.

—The report of the auditors on the accounts of the E. J. Pruner home did not please the Board of Managers who passed a resolution censuring the auditors. There is no doubt but the auditors had an unusually tedious task, as this was the first audit, and the accounts were not in a systematic order. They also made some timely suggestions whereby the income for the home could be largely increased in which they were clearly right. Auditors are not mere adding machines, to dilly dally up and down a column of figures as we have machines to do those things these days. Let us hope that a little criticism will be beneficial to all parties concerned, and the institution particularly.

—How do you like this weather for April?

—The wise woman marries a homely man because the contrast is in her favor.

—Dr. Dale has moved in to his new office in the Reynolds property which he recently purchased.

—Mr. Harry Diehl, of this place, has opened an up-to-date eating parlor poposite the Milesburg depot.

—A new roof has been placed on the W. R. Jenkins property recently purchased by M. J. Gardner.

—Some folks have rats in their garrets, some have rats in their cellars, and while not a few young ladies have good sized rats in their hair.

—Our friend Charlie Koontz expects in the near future to open up a booth for the purpose of handling ice cream cones, confectionery etc. Charlie is deserving and should be patronized.

—During the past week Sim, the clothier, has had a neat little office built in the rear of his store in Temple Court and has engaged Miss Lizzie McGowan as bookkeeper and cashier.

—Last Tuesday evening between 7 and 8:30 o'clock, a sneak thief entered the home of A. J. Stover, at Coburn, and stole from a bureau drawer $60. Mr. Stover has his suspicion of the guilty party.

—An order from the Pennsylvania State Live Stock Sanitary Board issued last Thursday lifted the quarantine in all parts of the state; as it is now considered there is no more danger from the mouth and foot disease.

—The Lauderbach—Barber company wholesale grocers of Philipsburg, Bellefonte and several other places, have completed arrangements for the erection of a new thirty thousand dollar building at Punxsutawney.

—Eight puddling furnaces opened up at Pottstown Thursday. There are improved conditions in other industries and many working men are unable to secure homes for their families, while at other places industries are closing down.

—A sixteen-year-old newsboy found a purse on Chestnut street, Philadelphia, the other day containing $800, returned it to the owner and received a silver quarter. Thus we are reminded once again that honesty is the best of policy.

Death of David Behers.

David Behers, an aged citizen, of Scotia, died at his home in that place, Friday at 12 o'clock noon. His death was due to the infirmities, incident to old age.

The deceased was born in Germany and was 82 years of age. He came to this country when a young man and settled in Centre county, engaging in farming, which he continued up until his advancing years compelled him to retire. During the civil war he went to the front to help defend the flag of his adopted country, enlisting in Co. D., 148th P. I. He served faithfully during the entire war, and received an honorable discharge. He was a member of the United Brethren church and enjoyed the respect of a large circle of friends.

He was married to Elizebeth Shearer, who died about two weeks ago, and he did not long survive the loss of his loving helpmate.

He leaves the following children, namely: Mrs. Anna Saxton and George, of Rock View; Mrs. Hannah Hicks, of Scotia; David and Regina, at home.

The funeral was held Monday at 9 a. m. Interment at Pine Hall.

Death of Former Centre Countian

W. E. Kepner died at his home in Baltimore March 31 st. His death was caused by paralysis, he having been first stricken two years ago. Mr Kepner was born at Pine Grove Mills Centre county and was 47 years of age. A number of years he resided in Altoona, being engaged in the livery business. Later he went to Baltimore and there was engaged actively in business when the great fire occurred and he lost heavily thereby. For some time after, and as long as he was able, he was engaged in the real estate business. He was married to Miss Belle Snyder, of Snow Shoe, who survives as do these sisters. Mrs. D. F. Petty Thieves in State College.

Grocers have been robbed of vegetables, fruit and oysters, sometimes a 10 gallon bucket disappearing. A few weeks ago Harrison's restaurant was entered and robbed of cigars, cigarettes and candies, amounting to $60. Early last Friday morning Graham's barber shop and cigar stand was broken into, the thieves gaining an entrance by forcing open the transom over the front door.

The thieves were rather festidious in their taste, for only the most expensive pipes in the case were taken. The looters garnered quite a harvest of cigars, cigarettes, meerschaum pipes and choice candies, totaling about $100. A portion of the stolen booty was recovered on the fifth floor of the main building, hidden under the flooring.—Times.
